Elke Winter,2025-06-30 This book explores what lies between the statuses of insider and outsider in immigrant nations It asks Who is conditionally included excluded in relation to whom and for what reasons What does this conditional inclusion exclusion entail in terms of citizenship material resources and sense of belonging How does it affect the cultural and economic well being of refugees migrants and the host society The focus is on Canada which is often described as the quintessential immigrant nation The chapters in this book provide new insights into several hotly contested issues the overlapping cultural and economic logics of nationalist inclusion exclusion the growing prevalence of
