

TOURISM DATA HANDLING TASK

GRADE 12

2022

TEACHER INSTRUCTIONS

Dear Tourism teacher

Data handling is a source-based single-sitting assessment task, where learners engage with and analyse data. (Abridged Section 4 Amendments of the CAPS for Tourism, Implementation: January 2021, Reference Number 4.4.2)

This task is linked to the following content topics:

- The three pillars of sustainable tourism
- Map work and tour planning
- Tour budget

Handling skills included in the task:

- Organising data
- Presenting data
- Interpreting data
- Discussing data

This task focuses on other aspects of handling and analysing data than the traditional. Sources with data are also not the expected – case studies, scenarios, extracts. Organising historical facts are part of tour guiding skills. Presenting data in more user-friendly formats makes business sense. Reflecting on thinking processes shows a level of personal development.

Every Grade 12 Tourism teacher is expected to draw up a marking guideline. Please **DO NOT** use any marking guidelines or resources from the internet or social media, do **NOT** buy from any other source – this poses a significant danger that the task will be declared invalid. Developing your own marking guideline, will enable you to better prepare your learners for the task **BEFORE** the scheduled assessment session takes place

Reviewing examples of various distance tables and studying the triple bottom line approach for application will be good learner preparation before the task. After 12 years at school, candidates have the problem-solving skills to complete the required instructions.
