Chapter 1 - Introduction

Project Context

Nowadays people live in a completely different life compared with years ago since the arrival of the technology. Technology is one of the main ways we change the world. Whenever, people meet up together for a several hours, they're going to require food, and beverages. This (*Online Hotel Management System Documentation Chapter 1*) hotel caters for parties like Birthday, Wedding, Anniversaries, Christening and Christmas parties. "The ultimate promise of technology is to make of a world that we command by the push of a button." (Volker Grassmuck).

The advancement of technology has revolutionized the way we do things. It has provided us with means to improves our lives and maximize our sources, time and effort. With the use of this technologies many transactions have become faster, more efficient, accurate and effectiveness to the management. Technology is important in today's world because it serves a variety of function in many of the most important aspects in modern society like communication, education and business.

The current system used by Alton Hotel is a paper-based system in all information of transaction are recorded and stored in a logbook. Operation it takes time to look for what they need and it is not efficient because the owner spends a lot of time in finding the record of the old transaction. They're going a lot of time in changing the records of transaction if the filled up with wrong information due to human error. According to the manager of the hotel, because they keep on doing their job manually, it resulted to a very messy office, lots of papers around the desks and information gathered, the proponents came up with an idea of proposing a system that is relevant to the needs of the hotel, highly efficient to meet their needs and most of all simple. They need to use our system to make easier with their business. The Alton's Hotel is located at Barangay 9 near Zaycoland Resort in Kabankalan City, Negros Occidental handled all logistics associated with food in a bucket, beverages and live band entertainment. The ambience of the place can refresh all the stress of every customer. They can enjoy the fresh air and feel relax. It can accommodate customers from time to time especially nearby places from Kabankalan City.

The proposed Alton Management System with Online Accommodate aims to organize data that computerized the process of managing their transaction and recording inventory of their food and beverages.

General Objectives

The objective of the study is to develop on automated system and to replace the manual operation currently used by the Alton Hotel.
