Creating A Language Rich Environment:

Creating Affirming Environments for Communication and Language Development Tanya Richardson, 2026-03-27 This accessible text explores the elements required within an environment to support and affirm young children's communication and language development. The book covers aspects that can be considered in the set up of any environment both natural and manufactured from indoor and outdoor classrooms to forest schools, natural play spaces and home learning environments. Chapters clearly explain key theories around language development and show how this knowledge can be applied meaningfully to encourage collaboration and interaction and to embrace different communication identities with insights included into real life challenges and good practice solutions. Case studies, reflections and practical examples are also woven through to help the reader to think about how they can develop their practice and work effectively with other professionals to support all children and families. The environment in which a child plays and learns is often referred to as the third teacher and this book considers how to use the environment to maximise the positive impact on children to enhance their learning. It will be essential reading for early childhood students as well as early years educators and speech and language therapists.

The Reading Aloud Resource Book Katie Walsh, Maria Bracken, 2023-05-11 This practical guide is the ideal tool for the busy practitioner or speech and language therapist to provide an effective, meaningful and contextualised approach to language development using picture books. Drawing from up to date evidence based research, each chapter shows you how to get the most out of picture books to support language development with a focus on the range of opportunities that reading aloud can bring. The guide offers a complete package to promote speech, language and early literacy and to enrich language comprehension, vocabulary, phonological awareness and oral language, all by using books to provide a context for meaningful language learning. The resource also includes advice on how to develop intervention goals and outcome measures for reading aloud with practical suggestions covering topics from creating a reading routine and book nooks to encouraging reluctant readers and reading aloud challenges. Language skills are essential for academic, social and communication success and this reading aloud resource will be valuable reading for early year educators, primary teachers and speech and language therapists working with young children aged 0-7.
