

The Rainbow Serpent

The following story is based on a traditional Dreaming story, involving the Rainbow Serpent.

Long, long ago in the Dreaming, the Earth lay flat and still. Nothing moved and nothing grew. One day, a

beautiful snake made her way across the land and came out from under the ground. The snake was known as the Rainbow Serpent.

She travelled for a very long time, for and with her body made her way across the land, her body formed mountains, valleys and rivers.

The Rainbow Serpent was the Dreaming creature who shaped the Earth. After all of her travelling, she grew tired. She curled up and went to sleep.

After some rest, she woke up and found that the Earth was not flat. The mountains and valleys were there. They had all been made by her body. The Rainbow Serpent found that she had shaped the Earth. She was proud of her work.

After this, she went on to shape the rivers and valleys. She was very happy with her work.
