The British Study Edition of the Urantia Papers Book [A4 PDF] , **She Needs** Nay Dawson,2024-03-21 Many of us look as though we re fine And that s just how we prefer it especially if members of a church full of people doing fine Few of us want to stick out or be seen as disruptive So we re reluctant to volunteer concerns or difficulties The problem is then that leaders easily assume that all is well Which suits them fine They can carry on with their plans and strategies But how different this impression would be if they took time to find out what people honestly think Nay Dawson s book SHE NEEDS has done just this she has given women the space and safety to share their actual experiences of church life She never pushes a theological agenda nor does she claim to offer a programme for how to respond She merely wants us all to listen to what so many have felt This is not an easy book to read as a result But it is important As Mark Meynell Langham Partnership writes in his foreword I m sad this book had to be written But I am equally sure that it did Many people men as well as women will be very grateful to Nay for this helpful and challenging book **Force Majeure and the Law: Acts of God in Comparative and Historical Perspective** Thomas D. Musgrave,2025-04-08 This book examines how the Roman French and English legal systems have each dealt with the issue of unforeseen supervening events which have rendered the performance of contractual obligations either impossible or fundamentally different in nature sometimes known as Force Majeure or Acts of God Although the Roman French and English laws of contract have each developed legal rules which address this issue the approach adopted by each system is significantly different from that of the others The thesis of this book is that the response of a legal system to unforeseen supervening events derives primarily from the nature and structure of that legal system as a whole and then within that broader context from the salient characteristics of that system s particular law of contract The work compares the differing nature and structure of the Roman French and English legal systems and their respective laws of contract in order to demonstrate how this is so The book will be a valuable guide for academics and researchers working in the areas of Comparative Law Legal History Legal Theory and Contract Law As the English approach to unforeseen supervening events is very different from that of the French the book will be of benefit both to English and to French

practitioners as they seek to understand how supervening events are dealt with across the Channel It will also appeal to law students as a guide for studying comparative law

Down in the Chapel Joshua Dubler, 2013-08-13 A bold and provocative interpretation of one of the most religiously vibrant places in America a state penitentiary Baraka Al Teddy and Sayyid four black men from South Philadelphia two Christian and two Muslim are serving life sentences at Pennsylvania s maximum security Graterford Prison All of them work in Graterford s chapel a place that is at once a sanctuary for religious contemplation and an arena for disputing the workings of God and man Day in day out everything is in its twisted way rather ordinary And then one of them disappears Down in the Chapel tells the story of one week at Graterford Prison We learn how the men at Graterford pass their time care for themselves and commune with their makers We observe a variety of Muslims Protestants Catholics and others at prayer and in study and song And we listen in as an interloping scholar of religion tries to make sense of it all When prisoners turn to God they are often scorned as con artists who fake their piety or pitied as wretches who cling to faith because faith is all they have left Joshua Dubler goes beyond these stereotypes to show the religious life of a prison in all its complexity One part prison procedural one part philosophical investigation Down in the Chapel explores the many uses prisoners make of their religions and weighs the circumstances that make these uses possible Gritty and visceral meditative and searching it is an essential study of American religion in the age of mass incarceration
