Heart Sounds Made Easy:

Heart Sounds Made Incredibly Easy, 2005 Heart Sounds Made Incredibly Easy is an entertaining easy to read practical and informative reference that includes an audio CD of heart sounds for those who must accurately interpret heart sounds and understand their implications diagnosis and treatments Revealing the importance of accurate heart sound interpretation this Incredibly Easy title walks the reader through more than 65 heart sounds The book includes an audio index and cues to the CD throughout the text for each sound which allows the reader to listen to the sounds sequentially with the book or review them out of sequence *Heart Sounds Made Easy* Elspeth M. Brown, 2008-01-01 Awarded The British Medical Association Student Textbook Award 2009 this short and accessible book comes with an interactive CD of heart sounds recorded from actual patients using the latest digital audio technology Cardiac auscultation is one of the most difficult clinical skills to acquire and competence in this area is extremely variable With the CD the user can listen to a recording and either eliminate or enhance the different components until they are confident that they have correctly identified the sounds in all phases of the cardiac cycle This Second Edition uses the latest software and includes new features such as the ability to slow the heart sounds down without altering their pitch The layout of the CD has been improved to make it quicker to access New questions and answers in both the book and the CD allow readers to monitor their knowledge and progress The visual representation of the cardiac cycle also helps readers understand the origin of the heart sounds This CD is suitable for use in all PC Macs which have a tray loading CD ROM drive It is not compatible with slot loading CD ROM drives The book provides a simple guide to cardiac auscultation along with useful teaching points and summaries The interactive CD recordings allow the various components of each heart sound to be eliminated and restored to aid understanding Using this package of book and CD the reader can gain a full understanding of cardiac auscultation in minutes that can take years to learn in clinical practice This CD is suitable for use in all PC Macs which have a tray loading CD ROM drive It is not compatible with slot loading CD ROM drives Expanded content with additional information on the principles of cardiac auscultation in the context of the overall cardiac examination Now presented in colour with additional imaging and colour diagrams to aid interpretation The CD has been completely redesigned using the latest software Recordings of heart sounds can now be slowed down without altering their pitch Includes new questions and answers to test knowledge

Heart Sounds Made Easy Elspeth M. Brown, E. M. Brown, William Collis, 2002-01 A practical and simple guide to the art of cardiac auscultation which teaches the reader how to identify a pathological heart murmur The book explains what heart sounds are and how to use a stethoscope It covers all the standard adult and child murmurs and is organised by region It includes all the text of the tutorials The CD provides in a series of tutorials the chance to listen to and identify the range of heart sounds while in the pathology section a listener can focus down on each individual component of the sound allowing them to discern the key features of each murmur Timby's Fundamental Nursing Skills and Concepts Loretta A.
