volume also examines the difficulties encountered by ethnic Germans in the Federal Republic and analyses the shortcomings of dealing with this particular phenomenon of mass migration and its consequences

The Appointment Herta Müller, 2001-09-13 From the winner of the IMPAC Award and the Nobel Prize a fierce novel about a young Romanian woman's discovery of betrayal in the most intimate reaches of her life I've been summoned Thursday ten sharp Thus begins one day in the life of a young clothing factory worker during Ceausescu's totalitarian regime She has been questioned before this time she believes will be worse Her crime Sewing notes into the linings of men's suits bound for Italy Marry me the notes say with her name and address Anything to get out of the country As she rides the tram to her interrogation her thoughts stray to her friend Lilli shot trying to flee to Hungary to her grandparents deported after her first husband informed on them to Major Albu her interrogator who begins each session with a wet kiss on her fingers and to Paul her lover her one source of trust despite his constant drunkenness In her distraction she misses her stop to find herself on an unfamiliar street And what she discovers there makes her fear of the appointment pale by comparison Herta Müller pitilessly renders the humiliating terrors of a crushing regime Bone spare and intense The Appointment confirms her standing as one of Europe's greatest writers

Contemporary German Prose in Britain and France (1980-1999) Wiebke Sievers, 2007 This case study of the translation of contemporary German literature in Britain and France seeks to address the philosophical and anthropological problem of otherness and to discover its significance for translation theory This work should appeal to scholars interested in German British and French literature translation theory philosophy and sociology central component of the translation process Moreover via disciplines such as philosophy and anthropology otherness in the last two decades has entered Western theories and studies of translation and become an important analytical and normative category in the field of translation studies Nevertheless there is an apparent lack of research considering the concept itself as well as its history and current use in the field and its relevance for the practice of translation the translation theories currently known as foreignizing and shows that some of these draw on the same nationalist agenda that they try to transcend

Moreover the ensuing case study proves that current translation practice is still governed by a nationalist assurance of linguistic and cultural differences This book therefore concludes by calling for a change of perspective in the theoretical and practical approaches to translation Translation should no longer be regarded as a means of delimiting our selves from a national other but as a way to uncover the otherness underlying these alleged selves **Traveling on One Leg** Herta Müller,1998-11-11 The protagonist of Herta Müller s *Traveling on One Leg* is Irene a fragile woman born to a German family in Romania who has recently emigrated from Romania to Germany The novel focuses on Irene s relationship with three men Franz whom she met in Romania and who was unwilling to respond to her love for him Stefan a friend of Franz s and Thomas a bisexual bookseller in perpetual crisis Despite being born to a German family Irene s place in Germany is as a recent emigre and an unassimilated Romanian German She feels neither longing for Romania nor any comfort in her newly adopted Germany Politically and socially isolated Irene moves within the emotional orbit of these three men while at the same time moving between West Berlin Marburg and Frankfurt taking a dissonant journey within strange yet familiar territory Characterized by the same sense of profound isolation found in Müller s *The Land of Green Plums* see page 20 *Traveling on One Leg* is a poignant exploration of exile homeland and identity **Monatshefte** ,2018 **Deutschland** ,2010 **Nadirs** Herta Müller, **The Land of Green Plums** Herta Müller,2010-11-23 The lives of a group of Romanian students under Communism with its poverty regimentation and depressing greyness Life gets no better after graduation so much so that several commit suicide *The Hunger Angel* Herta Müller,2012-04-24 In her new novel Nobel laureate Müller calls upon her unique combination of poetic intensity and dispassionate precision to conjure the distorted world of the Gulag in all its physical and moral absurdity **Cristina and Her Double** Herta Müller,2013-11-07 Simon Schama in defence of the essay in the age of Twitter writes The self propulsion of a ranging intelligence is the dynamo that drives a powerful essay the headlong gallop of thought to a destination the reader can t predict and which may not have occurred to the writer when he began That power that propulsion that surprise is evident in every one of this selection of the very finest of the essays produced over the past 20 years by the Romanian German Nobel Laureate Herta Müller She interrogates Communist society especially in its bizarre Romanian Ceausescu variation and matters of complicity secrecy betrayal guilt responsibility resistance and the power of literature Her writing is bewitching and convincing her approach is unswerving unsparring and undeluded Her reader is grateful These are among the most powerful demonstrations of the pen s might exceeding the sword s to be produced in the last forty years in Europe **The Secret Police Dossier of Herta Müller** Valentina N. Glajar,2023-02-21 An in depth investigation of the Romanian secret police s file on Müller winner of the 2009 Nobel Prize for Literature re creating a file story of her surveillance **Defining Collage in the Twenty-first Century** Christiane zu Salm,Cornelius Borck,Uta Grundmann,2012 In contemporary art the collage technique has been experiencing a renaissance with artists finding new ways to use collage they might adopt the classical approach glueing overpainting and alienating

existing images but they also draw on new comput *The Fox Was Ever the Hunter* Herta Müller, 2016-05-10 From the winner of the Nobel Prize hailed as the laureate of life under totalitarianism a haunting early novel of surveillance and paranoia Romania the last months of the Ceausescu regime Adina is a young schoolteacher Paul is a musician Clara works in a wire factory Pavel is Clara's lover But one of them works for the secret police and is reporting on the rest of the group One day Adina returns home to discover that her fox fur rug has had its tail cut off On another occasion it's the hindleg Then a foreleg The mutilated fur is a sign that she is being tracked by the secret police the fox was ever the hunter Images of photographic precision combine into a kaleidoscope of terror as Adina and her friends struggle to keep mind and body intact in a world pervaded by complicity and permeated with fear where it's hard to tell victim from perpetrator And once again Herta Müller uses language that displays the concentration of poetry and the frankness of prose as the Swedish Academy noted upon awarding her the Nobel Prize to create a hauntingly cinematic portrayal of the corruption of the soul under totalitarianism *Schwerpunkt: Herta Müller* Paul Michael Lützeler, 2011
