Blackjack Card Counting - How to be a Professional Gambler Greg Elder,2013-03-04 How to become a professional blackjack card counter The good news is you don't have to be a mathematical genius to learn how to count cards the bad news is many of the Hollywood movies depicting the life of a card counter as fast cash and penthouse suites make it all seem a little too easy This book will give you a realistic look at what it takes to be a professional card counter I will take you step by step through the entire process As a former educator I came up with a simple progressive learning model using a basic Hi Lo level one count system that in combination will make it much easier for you to learn how to count cards I broke the entire system down to make it as easy as possible so you can get into the casino quicker Many times people do not even attempt to learn card counting because they think it is too hard If they do attempt it they get frustrated after a short time because the system is so complex they get lost in the mathematics The only two things you need to be able to do to learn card counting are memorize and practice This book isn't filled with hypothetical theories it shows you the exact steps you need to take to learn to count cards Now don't get me wrong learning everything in this book will not be easy but most people can do it if they dedicate themselves to learning However card counting is much more than simply learning the process the hard part is finding the right games and not being detected by the casinos Those areas will be covered as well Don't worry the courts have ruled that counting is not cheating or illegal but in Vegas they can throw you out because it is a private establishment not because you are doing anything wrong Counting cards is simply using your mind in a game of skill If using your mind is cheating than I don't know how else to play This book is for those of you familiar with blackjack that want to find out what card counting is all about If you're tired of losing and are ready to take your game to the next level so you have the advantage over the casino this book is for you If you can already count cards you may pick up a few tips here and there but you probably already know most of the content in the book

industry analysis and practical solutions help you make better buying decisions and get more from technology **Gambling for Winners** Ward Wilson, This book is for you only if you gamble to make money If your idea of fun and entertainment includes giving away your hard earned money to casinos I can't help you If you enjoy sitting in a mindless bright lights dingy trance while you drop quarters down a slot this book is not for you If you think casinos are built and run by stupid people you better stay out of them If you think you can beat a blackjack dealer by wild assed guessing think again If you play poker just because it's now so popular you don't need my book If you believe you can just happen to be lucky enough to beat the odds you live in a fantasy world and you'd hate this book for destroying your illusions But if you're hard headed serious willing to work and tired of the mainstream gambling books that simply teach you how to lose less rather than win If you understand casinos don't stay in business by giving out more money than they take in This is an extensive examination of the most popular forms of gambling If you can find any positive expectation bets and how Some of the material is controversial Some of it is unique It's not for beginners If you don't already know how to play blackjack or craps buy and read the basic books first This one assumes you know and understand the rules of play If you have emotional or psychological issues around money my strong advice is don't gamble If you want to believe casinos are playgrounds built for your amusement this is not the book for you I use statistical concepts and common sense to strip away the bright lights and glamor to reveal the mathematical realities of gambling For the most part it's not pretty Not if you want to make money instead of lose it But there are opportunities there for people willing to work hard and understand the obstacles so they can surmount them If you're still an emotional child needing the adrenaline rush and excitement of winning money this is not for you And not only the casinos want to take your money hordes of online scammers selling bogus systems online also are after the money belonging to would be pro gamblers Until you can enter a casino and remain blind to the red carpeting the flashing lights dingy slots and the entire aura of glamorous partying you'll remain a loser If you have enough money to pay for a mirage that's up to you Most people don't

recovering lawyer Aldous Kaufman a retired math Ph D candidate They all thrived in the straight world found success boring and vowed to make life more exotic Axelrad adopts Roth s philosophy repeat until rich and from his strategy and skill spring hasty retreats across casino floors high speed car chases arrests on dubious grounds and the massive cash paydays that make it all worthwhile Along the way he unveils the tactics and debunks the myths of professional card counters In team play he s either the big player who bets the big money or the controller who subtly coordinates the team s betting while wagering only the minimum himself Counting is not illegal and it s less intellectually daunting than its MIT level mystique suggests With clarity and wit Repeat Until Rich proves the old gambler s maxim that if you can tip a waiter you can count cards But it also proves how zealous even forceful casino bosses can be in backing off counters seeing past their undercover methods and banning them from the tables Josh soon grows to love all this trouble and discovers more than the money what he needs most of all is the rush Filled with actual bad guys chase scenes and high stakes Repeat Until Rich offers an intoxicating unprecedented view of the dangerous allure of living off the cards and one s wits

Professional Blackjack Introduction

In the digital age, access to information has become easier than ever before. The ability to download Professional Blackjack has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Professional Blackjack has opened up a world of possibilities. Downloading Professional Blackjack provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Professional Blackjack has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Professional Blackjack. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Professional Blackjack. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Professional Blackjack, users should also consider the potential security risks associated with online platforms. Malicious actors may

exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Professional Blackjack has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
