The American Police Novel Leroy Lad Panek, 2015-09-17 The American police novel emerged soon after World War II and by the end of the century it was one of the most important forms of American crime fiction. The vogue for either Holmesian genius or the plucky amateur detective dominated mystery fiction until mid-century, the police hero offered a way to make the traditional mystery story contemporary. The police novel reflects sociology and history and addresses issues tied to the police force such as corruption, management, and brutality. Since the police novel reflects current events, the changing natures of crime, court procedures, and legislation have an impact on its plots and messages. An examination of the police novel covers both the evolution of a genre of fiction and American culture in general. This work traces the emergence of the police officer as hero and the police novel as a significant popular genre from the cameo appearances of police in detective novels of the 1930s and 1940s through the serial killer and forensic novels of the 1990s. It follows the ways in which professional writers and police officers turned writers view the police individually and collectively. The work chronicles the ways in which changes in the law and society have affected the actions of the police and shows how the protagonists of police novels have changed in gender, race, nationality, sexual orientation, and age over the years. The major writers examined begin with Julian Hawthorne in the nineteenth century and include such writers as S. S. Van Dine, Ellery Queen, Erle Stanley Gardner, Ed McBain, Chester Himes, MacKinley Kantor, Hillary Waugh, Dorothy Uhnak, Joseph Wambaugh, Bob Leuci, W. E. B. Griffin, and Carol O'Connor.

The Prepper Next Door Charlie Palmer, 2012 A book for practical preppers, those planning for emergencies or disasters. Discusses food storage, water purification and collection, sanitation, first aid, bug out bags, bug out vehicles, home and self-defense firearms and shooting, providing lights and utilities, and aspects of home construction.

AUTHOR BIO Charlie Palmer became a prepper back in the early 1980s when he first read *The Survivor* newsletter. Today he recommends people make modest preparations for natural disasters and other emergencies. His interests include do-it-yourself repairs, shooting, welding, machining, and outdoor survival.

Serpico Peter Maas, 2005-01-04 The 1960s was a time of social and generational upheaval, felt with particular intensity in the melting pot of New York City. A culture of corruption pervaded the New York Police Department, where payoffs, protection, and shakedowns of gambling rackets and drug dealers were common practice. The so-called blue code of silence protected the minority of crooked cops from the sanction of the majority. Into this maelstrom came a working-class Brooklyn-born Italian cop with long hair, a beard, and a taste for opera and ballet. Frank Serpico was a man who couldn't be silenced or bought, and he refused to go along with the system. He had sworn an oath to uphold the law, even if the perpetrators happened to be other cops. For this unwavering commitment to justice, Serpico nearly paid with his life.
