## **Procreate User Guide Wordpress:**

**Easy WP Guide WordPress Manual** Anthony Hortin,2015-07-30 It might be easier to say what this guide isn't rather than what it is. It isn't an in-depth look at every single function available within the WordPress dashboard. Nor is it a guide to help you develop or modify WordPress themes. It's an easy-to-follow WordPress manual that will help you to get an overall understanding of how you use the various features within the WordPress Dashboard to keep your website or blog updated. The official WordPress Codex is great if you want to get really involved in developing your own WordPress theme or modifying your site with plugins, but it can be a bit daunting for those users who just want a simple guide to using the Content Management side of WordPress or just need to update their site pages every so often. The Easy WP Guide will teach you how to add content to your website and keep it updated simply and easily. This version has been completely updated for use with WordPress 4.2.

Go along for the ride and build one today. REVIEW Denise Galloway reviewed [Easy Wordpress Tutorial For Beginners](#) Easy Wordpress Handbook With Screen Shots Wordpress A GREAT book for a beginner. September 2, 2013. I would give this book 7 stars if I could. I have to say for someone who is not computer savvy when it comes to technical stuff, that this was the easiest book I have ever read. Jared is right to the point, and if you follow his steps to the letter, you cannot go wrong. He includes step-by-step pictures just as the cover implies. If your screen does not match the picture, go back and do it again. Also, he mentioned that he would email anybody who purchased the book updates as he creates them. So far, I have received two updates. I had a question over a holiday weekend, so I emailed Jared. I was hoping that I would get a response sometime within the week, certainly not expecting an answer the same day. And on a holiday, you just don't get that kind of service very often, so I thought

it was worth sharing Thanks again Jared I hope you create more books Wordpress made easy for everyone in this easy to follow step by step guide This easy Wordpress handbook is the only one you will ever need to buy It is full of screen shots to make sure you know exactly what the next step is in your process of gaining an online presence Even though this was written as a Wordpress for Beginners guide many folks who consider themselves not total newbies will get some great tips about excellent suggested plugins to install This Wordpress Made Easy guide is written to help you save money by building your own website or blog There is no reason that you should pay for Wordpress web design when you can do it yourself I have personally built hundreds of websites and blogs both for myself and for clients It s not as hard as you think I will be building a new site as you watch over my shoulder with loads of screen shots to help you get your site up and running Everything from registration hosting and even creating a header is included If you have never registered a domain name or paid for hosting you will be amazed at how easy the Wordpress for Beginners is presented I have even included a great Premium Theme as part of your purchase all you need to do is download it using the link provided by signing up on the site You will find this Wordpress tutorial easy to follow and packed full of awesome information and images to keep you completely on task as you build your own site There are a number of tips and tricks in this Wordpress handbook to help you get the most out of your new site You will see why so many people are using the easy Wordpress platform for their sites One example What are the first steps to secure your blog and make it harder for hackers to get into your site Building a website or blog can be fun The website built while writing this book will be regularly updated with new tricks and tips
