This package includes a physical copy of *Calculus A Complete Course* 8th edition by Robert A. Adams and Christopher Essex as well as access to the eText and MyMathLab Global. For the three semester calculus course, proven in North America and abroad, this classic text has earned a reputation for excellent accuracy and mathematical rigour. Previous editions have been praised for providing complete and precise statements of theorems using geometric reasoning in applied problems and for offering a range of applications across the sciences. Written in a clear, coherent, and readable form, *Calculus A Complete Course* makes student comprehension a clear priority. Dr. Christopher Essex joined Bob Adams as a new co-author on the 7th edition and has an expanded role in the 8th edition. Instructors and students will appreciate new and expanded examples, new exercises, and a new Chapter 17 on Differential Forms and Exterior Calculus. MyLab and Mastering from Pearson improve results for students and educators. Used by over ten million students, they effectively engage learners at every stage. MyMathLab is being used in universities all over the world to improve student performance. MyMathLab has immersive content and engaging tools along with time-saving automatic grading.
