

# DISCOURSE ANALYSIS

Discourse analysis is an approach to the study of language that demonstrates how language shapes reality and reveal dominant ways of thinking an acting.

## OVERVIEW

Discourse analysis involves the examination of how the 'ways of speaking about things' normalizes and privileges some frames of thinking about things while marginalizing others.

As a simple example, if movies consistently frame the ideal female as passive, silent, and submissive, then this becomes normalized in the "dominant discourse" of gender.

## EXAMPLE

**Studying Government Policies:** A discourse analysis of policy texts would involve looking at the keywords, metaphors, and phrases used in the text and how they reveal ideological frameworks and viewpoints of the government of the day. These sorts of studies often demonstrate how the language of policy texts normalizes some behaviors and marginalizes others.

**Discourse and Context in Language Teaching** Marianne Celce-Murcia, Elite Olshtain, 2000 Discourse and Context in Language Teaching A Guide for Language Teachers is part of the Cambridge Handbooks for Language for Language Teachers series

**Discourse and Language Education** Evelyn Hatch, 1992-01-31 Discourse and Language Education is part of the Cambridge Language Teaching Library series

**Discourse Analysis and Second Language Teaching** Claire J. Kramsch, 1981 *Discourse Analysis for Language Teachers* Michael McCarthy, 1991-05-02 A practical introduction to the field of discourse analysis and its relevance for language teaching

**TESOL Discourse Analysis for Language Teaching**, 2005 Produced principally for postgraduate unit ECL756 Text analysis for language teaching offered by the Faculty of Education s School of Social and Cultural Studies in Education in Deakin University s Open Campus Program

Language as Discourse Michael McCarthy, Ronald Carter, 2014-07-22 In this book Michael McCarthy and Ronald Carter describe the discursive properties of language and demonstrate what insights this approach can offer to the student and teacher of language The authors examine the relationship between complete texts both spoken and written and the social and cultural contexts in which they function They argue that the functions of language are often best understood in a discursive environment and that exploring language in context compels us to revise commonly held understandings about the forms and meanings of language In so doing the authors argue the need for language teachers syllabus planners and curriculum organisers to give greater attention to language as discourse

Discourse Analysis and Second Language Teaching Claire J. Kramsch, 1981

**Discourse analysis applied to english language teaching in colombian contexts: theory and methods** Wilder Yesid, Escobar Alméciga, 2016-02-29 By moving away from instrumental views of language the book Discourse Analysis Applied English Language Teaching in Colombian Contexts Theory and Methods situates the teaching and learning of English as a foreign language along a broader spectrum of socio culturally elaborated discursive dynamics To offer this complex and multifaceted perspective it presents five discourse studies informed by diverse methodologies and aims to provoke further and deeper considerations around the issue of English teaching and learning in Colombian contexts Similarly this work also exemplifies academic community building where different institutions researchers and students have partnered to inquire into understand and share their findings regarding EFL teaching and learning in Colombia

*On Discourse Analysis in Classrooms* David Bloome, Stephanie Power Carter, Beth Morton Christian, Samara Madrid, Sheila Otto, Nora Shuart-Faris, Mandy Smith, 2008 This book in the NCRL Collection provides an introductory discussion of discourse analysis of language and literacy events in classrooms The authors introduce approaches to discourse analysis in a way that redefines traditional topics and provokes the imagination of researchers For those who have limited knowledge of discourse analysis this book will help generate new questions about literacy events in classrooms For those familiar with this research perspective it will map diverse new approaches Offers examples of classroom discourse with analyses that

researchers and practitioners can use as the basis for pursuing their own analyses Rob Tierney Dean Faculty of Education University of British Columbia On Discourse Analysis provokes us to rethink discourse analytic approaches as generative tools that can open up new ways of seeing language and literacy events in classrooms The authors richly illustrate the complexity and potential of discourse analysis studies with cases that orient us to foreground the local with broader cultural historical and social relations in ways that make evident what it means to be human On Discourse Analysis provides a fresh approach to discourse analysis studies Kris Gutierrez University of California at Los Angeles [Discourse in English Language Education](#) John Flowerdew,2012-11-27 Discourse in English Language Education introduces students to the major concepts and questions in Discourse Studies and their applications to language education Each chapter draws on key research to examine critically a particular approach in the field providing a review of important literature examples to illustrate the principal issues concerned and an outline of the implications for their application to pedagogy Features include coverage of a broad range of approaches in the field including Systemic Functional Linguistics and Register Speech Acts the Cooperative Principle and Politeness Conversation Analysis Genre Analysis Critical Discourse Analysis and Corpus Linguistics analysis of a wide range of discourse examples that include casual conversation newspapers fiction radio classrooms blogs and real life learner texts a selection of illustrations and tables carefully chosen to enhance students understanding of different concepts and approaches stimulating discussion questions at the end of each chapter specially designed to foster critical thinking reflection and engagement with the topics covered Engaging accessible and comprehensive Discourse in English Language Education richly demonstrates how Discourse Studies can inform the teaching of English and other languages both as a foreign language and in the mother tongue It will be essential reading for upper undergraduates and postgraduates with interests in Applied Linguistics TESOL and Language Education *Discourse Analysis for Language Teaching* Zosia Golebiowski,2010 Produced principally for postgraduate unit ECL756 Discourse analysis for language teaching offered by the Faculty of Arts and Education s School of Education in Deakin University s Flexible Learning Program **Discourse Perspectives on Second And/or Foreign Language Teaching and Learning** Dogan Yuksel,Banu Inan,2013 Discourse can be understood as the sum of linguistic usages and metalinguistic manners about a social practice It examines language in use with the help of the tools that would enable us to get a deeper understanding of what is said or unsaid Analysis of discourse would help us understand social cultural psychological and academic dynamics that are interwoven in the utterances of interlocutors as they use language This book covers a range of theoretical and applied studies on the examination of discourse in various second and foreign languages learning and teaching contexts Basically it includes studies that specifically focus on different aspects of discourse in the teaching of all four skills reading writing listening and speaking Three theoretical chapters on conducting discourse analysis research the use of corpus linguistics and historical review of discourse analysis perspectives enrich the scope and content of the book Researchers from different

teaching and learning settings including Turkey China and the USA contributed to this volume The target audience of the book are undergraduate and graduate students in different foreign and second language departments and teachers researchers and academicians of foreign and second languages Discourse Perspectives on Second and or Foreign Language Teaching and Learning will facilitate the understanding of discourse by portraying empirical and theoretical studies on discourse It covers quite different perspectives eg sociocultural theory of mind perspective critical discourse analysis and psychological and or mainstream perspectives of various topics in discourse eg classroom interaction written discourse corpus linguistics oral interviews discourse of blogs technology and discourse etc The first three chapters provide a review of discourse and how it is conceptualised to various target groups of people e g graduate students teachers researchers and academicians assuming no prior knowledge The other chapters focus on different aspects of discourse both in and outside the classroom This book provides teachers learners and researchers of second and or foreign languages with the tools to analyse and or examine language inside and outside their classrooms Discourse Analysis for Language Teaching ,2007 Produced principally for postgraduate unit ECL756 Discourse analysis for language teaching offered by the Faculty of Education s School of Education in Deakin University s Flexible Learning Program Discourse Analysis and Language Teaching Janika Johanna Marley,2010-08 DA and language teaching The present thesis Discourse analysis and language teaching An Analysis of Vocabulary Diversity in the Transcripts of The Bold and the Beautiful and Its Practical Applications to Language Teaching investigates the variety of soap opera vocabulary within the framework of discourse analysis Based on theoretical sources and subjective observations it was assumed that many of the vocabulary items used in the series would be recycled in successive episodes In order to verify the claim ten episodes were scrutinized resulting in a 20 000 word corpus that was divided into nouns verbs adjectives and adverbs The corpus was compared against the Longman Corpus Network database that includes 3000 most commonly used word in English It became evident that the majority of the vocabulary items belongs to the list therefore it may be claimed that the language level of the soap opera is not beyond an average English language learner Based on the vocabulary of the ten episodes the author also suggests three different types of exercises that can be used in the English language classroom Advances in Spoken Discourse Analysis Malcolm Coulthard,2013-01-11 This collection reviews 20 years of research into Spoken Discourse by the Birmingham group allowing for the first time a developmental perspective It combines previously published but unavailable work with new research Bringing together recent theories of discourse structure with a new and detailed analytic framework the book emphasises both historical context and new developments The articles are comprehensive ranging from the theoretical to the highly applied Practical applications include language teaching literary stylistics and forensic linguistics with examples taken from literature and language classrooms telephone conversations disputed witness statements and corpuses of spoken English **An Introduction to Discourse Analysis** Malcolm Coulthard,2014-09-25 The central concern of this book is the analysis of

verbal interaction or discourse This first six chapters report and evaluate major theoretical advances in the description of discourse The final chapters demonstrate how the findings of discourse analysis can be used to investigate second language teaching and first language acquisition and to analyse literary texts

**Exploring Classroom Discourse** Steve

Walsh,2011-03-08 Routledge Introductions to Applied Linguistics consists of introductory level textbooks covering the core topics in Applied Linguistics designed for those entering postgraduate studies and language professionals returning to academic study The books take an innovative practice to theory approach with a back to front structure which takes the reader from real life problems and issues in the field then enters into a discussion of intervention and how to engage with these concerns The final section concludes by tying the practical issues to theoretical foundations Additional features include tasks with commentaries a glossary of key terms and an annotated further reading section This book looks particularly at the relationship between language interaction and learning Providing a comprehensive account of current perspectives on classroom discourse the book aims to promote a fuller understanding of interaction regarded as being central to effective teaching and introduces the concept of classroom interactional competence CIC The case is made in this book for a need not only to describe classroom discourse but to ensure that teachers and learners develop the kind of interactional competence which will result in more engaged dynamic classrooms where learners are actively involved in the learning process This approach makes an invaluable resource for language teachers as well as students of language and education and language acquisition within the field of applied linguistics

**Classroom Discourse and Teacher Development** Steve

Walsh,2013-05-20 This textbook shows how classroom discourse can be applied to develop and improve teaching Combining examples from everyday practice with theoretical approaches it provides a comprehensive account of current perspectives on classroom discourse
