Handbook of Research on Modern Cryptographic Solutions for Computer and Cyber Security Gupta, Brij, Agrawal, Dharma P., Yamaguchi, Shingo, 2016-05-16 Internet usage has become a facet of everyday life especially as more technological advances have made it easier to connect to the web from virtually anywhere in the developed world. However, with this increased usage comes heightened threats to security within digital environments. The Handbook of Research on Modern Cryptographic Solutions for Computer and Cyber Security identifies emergent research and techniques being utilized in the field of cryptology and cyber threat prevention. Featuring theoretical perspectives, best practices, and future research directions, this handbook of research is a vital resource for professionals, researchers, faculty members, scientists, graduate students, scholars, and software developers interested in threat identification and prevention.

Mobile Speech and Advanced Natural Language Solutions Amy Neustein, Judith A. Markowitz, 2013-02-03 Mobile Speech and Advanced Natural Language Solutions presents the discussion of the most recent advances in intelligent human-computer interaction, including fascinating new study findings on talk in interaction, which is the province of conversation analysis, a subfield in sociology, sociolinguistics, a new and emerging area in natural language understanding. Editors Amy Neustein and Judith A. Markowitz have recruited a talented group of contributors to introduce the next generation natural language technologies for practical speech processing applications that serve the consumer's need for well-functioning natural language-driven personal assistants and other mobile devices while also addressing business need for better functioning IVR-driven call centers that yield a more satisfying experience for the caller. This anthology is aimed at two distinct audiences: one consisting of speech engineers and system developers, the other comprised of linguists and cognitive scientists. The text builds on the experience and knowledge of each of these audiences by exposing them to the work of the other.

E-Portfolios and Global Diffusion: Solutions for Collaborative Education Cambridge, Darren, 2012-02-29 As information is increasingly gathered online, the issues surrounding the usefulness, organization, and interaction with electronic collections have grown in number and scope. E-Portfolios and Global Diffusion: Solutions for Collaborative Education addresses the emerging requirements, concerns, and applications for e-portfolios. Through innovative chapters on real-world business uses, educational experiences, ideal design, this book fills an important gap in current literature concerning Web 2.0 applications. The theoretical debate surrounding e-portfolios is also presented along with international viewpoints, providing an important contribution to the global discussion of representing knowledge in the 21st century.
