prove if a specific behaviour or ideal is part of one's culture or not This checklist can be seen as a practical tool for people dealing with cross cultural settings but it is hardly a theoretical definition Raymond Williams 1962 cited in Lull 1995 p 130 defines culture as a particular way of life which is shared by a community The definition of Williams emphasises the dynamic character of culture which changes when we as members of our own culture change the way we talk dress or work At the same time Williams definition makes no distinction between superior or inferior cultures furthermore everybody has their specific way of life
