**Hot Tips, Sneaky Tricks, and Last-Ditch Tactics** Jeff B. Speck, 1989-03-30 How to survive the corporate recruiting process and get an edge on the competition. A corporate jungle survivor shows you how to get past intimidating corporate recruiting tricks and tactics to get the high-paying and rewarding job you want. Author Speck, who has worked on the inside of the corporate recruiting process, turning hundreds of applications into mere dozens of positions, provides the answers you need to know to get that lucrative first job.     *Business Communication* Mary Ellen Guffey, 1996 *Business Communication Process and Product* introduces a unique teaching/learning package that solves a major problem for instructors and students today. It provides the atmosphere of an exciting, real-life business environment for business communication without sacrificing sound pedagogy. This means that students experience the enrichment of real people and real business situations while at the same time learning a hands-on process that they can carry with them to apply long after they leave the classroom. *Business Communication Process and Product* takes students inside some of the country's best-run and most-respected organizations, such as Liz Claiborne, Ben & Jerry's, American Airlines, Bank of America, and Walt Disney Imagineering. More importantly, though, it balances this exposure with a well-developed and consistently applied process approach to communication. Students need more than real business settings in which to frame their learning. They need a process that outlines specific steps to follow in solving future communication problems—a tangible strategy they can apply in their careers. In addition to a process, we provide ample products of that process.     *Children's Oral Communication Skills* W.
