Fashion: A Very Short Introduction

Rebecca Arnold,2009-10-22 Fashion is a global industry and plays a role in our economic political cultural and social lives However fashion is often denigrated as trivial and superficial a sign of vanity and narcissism This Very Short Introduction will give a clear understanding of how fashion has developed while addressing these divergent views *The Fashion Design Manual* Pamela Stecker,1996 The Fashion Design Manual is a comprehensive introduction to the world of fashion It introduces the reader to the cycles and trends of fashion the principles and practice of fashion design the range of techniques and skills required to be successful in the industry and the economic reality of the world of retail fashion The Fashion Design Manual follows the path a garment takes from sketch to sample through production and finally via the retail outlet to the wearer The book is very generously illustrated with drawings sketches and photographs throughout

The Fundamentals of Fashion Design

Richard Sorger,Jenny Udale,2006-10 The Fundamentals of Fashion Design discusses how a collection is formed who it is designed for and how it is promoted An overview of jobs within the fashion industry is included supported by interviews with designers stylists photographers buyers and agents The visual material provided throughout the book aims to illustrate aspects of fashion design and to bring to life ideas explained within the text Examples of work from talented designers and other creative people who work in the fashion industry are used to inspire and inform readers Each fundamental is supported by up to date theory illustration and appropriate context to explain the underlying principles of fashion design practice

Fashion-ology

Yuniya Kawamura,2004-12-01 This book provides a concise and much needed introduction to the sociology of fashion Most studies of fashion do not make a clear distinction between clothing and fashion Kawamura argues that clothing is a tangible material product whereas fashion is a symbolic cultural product She debunks the myth of the genius designer and explains provocatively that fashion is not about clothes but is a belief There is an

institutional structure ignored by many fashion theorists that has shaped and produced the fashion phenomenon Kawamura further shows how the structural nature of the fashion system works to legitimize designers creativity and can make them successful Newer fashion cities such as Milan and New York are the product of the fashion system that originated in Paris Without that systemic structure fashion culture would not exist Fashion ology provides a big picture approach that focuses on the social process behind fashion and its perpetuation

Fashion Design for Living Alison Gwilt,2014-11-13 Fashion Design for Living explores the positive contribution that the contemporary fashion designer can make within society The book seeks to reveal new ways of designing and making fashion garments and products that not only enhance and enrich our lives but also are mindful of social and sustainable issues This book sets out to question and challenge the dominant conventional process of fashion design that as a practice has been under researched While the fashion designer in industry is primarily concerned with the creation of the new seasonal collection designed produced and measured by economically driven factors society increasingly expects the designer to make a positive contribution to our social environmental and cultural life Consequently an emergent set of designers and research based practitioners are beginning to explore new ways to think about fashion designing The contributors within this book argue that fashion designing should move beyond developing garments that are just aesthetically pleasing or inexpensive but also begin to consider and respond to the wearer s experiences wellbeing problems desires and situations and their engagement with and use of a garment Fashion Design for Living champions new approaches to fashion practice by uncovering a rich and diverse set of views and reflective experiences which explore the changing role of the fashion designer and inspire fresh innovative and creative responses to fashion and the world we live in

The Sourcebook of Contemporary Fashion Design Marta R. Hidalgo,2010-10-05 The Sourcebook of Contemporary Fashion Design is a cutting edge design anthology featuring more than 300 established and emerging fashion designers around the world Included here in in impressive 650 pages are the world s most notable contemporary designers master couturiers and up and coming designers alike showcasing their work in graphic full color photographs and illustrations For ease of reference fashion design illustrations photographs and explanations are categorized according to design and style Also included is a visual index for quick reference and designers contact information This impressive fashion design book is the first large scale book of its kind to showcase a complete and diverse range of contemporary fashion designers notable for their work in couture and ready to wear clothing The case studies incorporate every type of design project possible from the t shirt to the evening dress and from shoes to handbags and jewlery making this lushly illustrated information rich book an invaluable resource that designers design students fashion retailers and fashionista will turn to again and again
