The Elephant Man:

Articulating the Elephant Man Peter W. Graham, Fritz Oehlschlaeger, 1992 The surgeon Frederick Treves and the anthropologist Ashley Montagu helped make him famous Filmmaker David Lynch and playwright Bernard Pomerance made him a star According to the popular press singer Michael Jackson wanted to buy his bones from London Hospital Stories about Joseph Merrick the Elephant Man of Victorian England combine elements of myth and fable tragedy and melodrama freak show and farce And they seem to have perennial appeal In Articulating the Elephant Man Peter W Graham and Fritz H Oehlschlaeger examine how the phenomenon called the Elephant Man has been constructed and reconstructed how Joseph Merrick has been transformed from a suffering individual into an exhibit a shape shifting curiosity whose different guises variously suit the needs of particular audiences genres and interpreters Merrick s presenters have been a varied group of artists medical experts scholars and biographers But preceding them all is Merrick himself no mere passive sufferer but an individual who bravely endured and when he had to successfully exploited his outrageous bodily disorder According to Graham and Oehlschlaeger each account starting with Merrick s autobiographical pamphlet blends description and creation observation and self revelation and the selective recording alteration and suppression of details Telling the story of the Elephant Man whether as a drama a film a sequence of poems or a medical case study often reveals as much about the observer as it does about the subject The Victorians accounts of Merrick for example reflect that era s tendency to normalize the extraordinary to colonize the exotic For them Merrick was both an ideal object of charity and a challenge to their most basic assumptions about humanity In our own time Merrick is cast as the ultimate outsider If it was culturally convenient for the Victorians to patronize Merrick and congratulate his benefactors contemporary cultural biases make it easier for us to admire him as a subversive hero and to debunk his exploiters Like the hero of a folk tale the real Merrick suffered indignities but enjoyed a dramatic change of fortune At the end of his life he had attained a measure of comfort a small portion of fame and the courteous notice of the eminent the beautiful even the royal At the heart of his story the authors suggest is Merrick s humanity and telling his story helps us define our own Merrick faced what every human being who grows old or falls ill must endure the sufferer s painful questions about cause and effect about personal guilt or cosmic cruelty He knew the isolation felt by every outsider the poor the homeless the victimized even the modern superstar And like each of us he must have wondered if appearance is after all a misleading mask

Elephant Man and Other Reminiscences Sir Frederick Treves, 2021-08-30 In *The Elephant Man and Other Reminiscences* Sir Frederick Treves presents an evocative collection of personal recollections that illuminate his experiences as a prominent surgeon and his encounters with some of the most extraordinary individuals of his time. The narrative is imbued with a deeply empathetic tone, vividly capturing the human condition through the lens of surgical practice and social interaction. Treves's meticulous attention to detail and his ability to weave poignant anecdotes reflect a literary style rooted in realism, providing insight into the Victorian era's medical advances while also offering a critique of contemporary social attitudes toward disability. As a distinguished physician at the Royal London Hospital, Treves was profoundly impacted by his work with John Merrick, known as the Elephant Man. His interactions with Merrick, alongside other compelling figures, fueled Treves's interest in the often overlooked narratives of those on the fringes of society. His commitment to humanitarianism and ethical medical practice is evident throughout this work, which seeks not only to entertain but also to provoke thought regarding morality and compassion. I highly recommend *The Elephant Man and Other Reminiscences* to readers interested in the complex interplay between medicine and humanity. Treves's reflections not only shed light on the medical practices of his time but also invite contemplation on societal attitudes and compassion, making this collection a valuable addition to both medical literature and social history.

The Elephant Man Bernard Pomerance, 1991 **The Elephant Man** Tim Vicary, 2006 **The Elephant Man** Bernard Pomerance, 1979 [Making The Elephant Man](#) Jonathan Sanger, 2016-10-21 The true story of John Joseph Merrick, aka the Elephant Man, has captured the imagination of generations of audiences, critics, actors, and filmmakers. In 1978, producer Jonathan Sanger received a screenplay from two unknown writers about a hideously disfigured man who refused to fall victim to despair and instead exemplified human dignity. Reading it twice, Sanger was determined that Merrick's story would be told. This book is Sanger's unvarnished first-person account of how *The Elephant Man* (1980) was made. His adventure in filmmaking itself a study in triumph over despair, involved special effects, nightmares, scheduling conflicts, location issues, and many risky decisions. Assembling a team that included Mel Brooks, executive producer David Lynch, director and actors John Hurt and Anthony Hopkins, Sanger persevered in making this inspiring, award-winning film.
