Revival: Philosophy and the Physicists (1937) Lizzie Susan Stebbing,2018-05-08 This book is written by a philosopher for
other philosophers and for that section of the reading public who buy in large quantities and no doubt devour with great
earnestness the popular books written by scientists for their enlightenment We common readers to adapt a phrase from
Samuel Johnson are fitted neither to criticize physical theories not to decide what precisely are their implications We are
dependent upon the scientists for an exposition of those developments which so we find them proclaiming have important
and far reaching consequences for philosophy Unfortunately however our popular expositors do not always serve us very well
The two who are most widely read in this country are Sir Arthur Eddington and Sir James Jeans They are not always reliable
guides Their influence has been considerable upon the reading public upon theologians and upon preachers they have even
mised philosopher who should have known better Accordingly it has seemed to me to be worth while to examine in some
detail the philosophical views that they have put forth and to criticize the grounds upon which these views are based
