a) Determine the operating cycle and cash cycle period. Make necessary assumptions wherever required.

b) Similar firms from the industry hold raw material inventory that would suffice approximately 1 month of production and finished goods inventory that will suffice sales for 1 ½ month. Moreover, customers of competitor firms take about 15 days to clear their dues. Going forward, banks are unlikely to finance working capital requirements that is in excess of industry norms. If Amkit India Ltd expects to sell 3,60,000 units next year, how much working capital will it require, if it is able to meet industry standards of efficiency. The company has a policy of maintaining cash balance that is sufficient enough to meet its cost of production for three days.
