

BIOCHEMISTRY NOTES

Based on YouTube videos by Pass The Dental Boards + some online/book research + DO = THIS IS ALL YOU NEED TO KNOW ABOUT BIOCHEM!

Watch these videos & compare to the notes (not available in full anymore, but they might still help):

<https://www.youtube.com/watch?v=5Uc347uLooQ&list=PLK0Uy05e00>

Abbreviations: E = enzyme, [X] = concentration of substance X, e = electrons, MC = most common

There are some really stupid mnemonics, but whatever helps, right? ☹ Please, don't feel offended. Print it out, I added important pictures at the end, it helps if you are reading the notes and having a picture right next to you to compare different processes (for example, Krebs cycle picture with the notes). You have to read the file MULTIPLE times, I don't know how to do magic by remembering things after one read :) I left some space at the end for your own notes, under the pictures.

Keep working hard, you got this!

Paulina

LIPIDS

1. Types

- Fatty acids (FA)
- Triglycerides (TG) = Triacylglycerols (TAG)
- Phospholipids
- Lipoproteins
- Sphingolipids

2. FATTY ACIDS

- 2 essential FA:
 - **Linoleic acid (18:2)**
 - **α -linolenic acid (18:3)**
 - Both can lead to production of: **arachidonic acid (20:4)** → prostaglandins (PG)
- Names:
 - 12C lauric acid
 - 14C myristic acid
 - 16C palmitic acid (palmitate)
 - 18C stearic acid → 18:1 oleic acid (oleate) → 18:2 linoleic acid (linoleate) → 20:4 arachidonic acid
 - 20C arachidic acid (often as a distractor!)
- MNEUMONIC for saturated FA (the ones "18:X" are unsaturated): **Lauri, driving with MyWrist, change to palms to steer, spider attacks!**
 - A girl named Lauri is driving a car with "my wrists" (her wrists), then changes to palms to steer the wheels and all of the sudden a spider attacks = lauric, myristic, palmitic, stearic, arachidic

3. TAG

- Ester linkage; lipase via hydrolysis → FA + glycerol
- Adipose tissue

4. SPHINGOLIPIDS (glycolipids)

- Ceramide: simplest, parent molecule, X = H
- Cerebroside: X = glucose (glycolipid)
- Ganglioside: X = a bunch of sugars (glycolipid)
- Sphingo**myelin**: X = **choline**

Gang of sugars

accumulated in Niemann-Pick; yields sphingosine, choline, FA, phosphoric acid

5. PHOSPHOLIPIDS

- 2 major types
 - **Lecithins = phosphatidyl**choline** (PC)**
 - **Cephalins = phosphatidyl**etanolaine** (PE)**
- Lecithins: most common (MC) phospholipid in bilayer membranes; yields 1 glycerol, 1 phosphate group, 1 choline, 2 FA
- **Choline**:
 1. Sphingolipid → sphingo**myelin**
 2. Phospholipid → phos**PHAT**idyl**choline** (PHAT = fat)Both ↑↑↑ in outer leaf membrane
 - Choline has a **lipotropic effect** on fatty liver (helps metabolizing fat by exporting fat from the liver)
 - Choline → **betaine** (metabolite) = important in **methylation**

Lecture Notes Clinical Biochemistry

R Barnett

Lecture Notes Clinical Biochemistry:

Lecture Notes: Clinical Biochemistry Geoffrey Beckett, Peter Rae, Peter Ashby, 2010-02-08 The new edition of the best selling Lecture Notes title is a concise introduction to clinical biochemistry that presents the fundamental science underpinning common biochemical investigations used in clinical practice Lecture Notes Clinical Biochemistry allows the reader to make efficient and informed use of the diagnostic services offered by their clinical biochemistry department The result is a text that serves as a reference to the practitioner as well as the student The book takes a system based approach with the underlying physiological rationale for any test explained in the context of disruption by disease This leads naturally to an integrated and practical understanding of biochemical diagnostics Including multiple choice questions MCQs alongside end of chapter case studies to help develop test selection skills Lecture Notes Clinical Biochemistry provides the essential background to biochemical investigations and is an ideal course companion and revision guide for medical students junior doctors on the Foundation Programme general practitioners and nurses and laboratory technicians

Clinical Biochemistry Peter Rae, Mike Crane, Rebecca Pattenden, 2017-07-13 Clinical Biochemistry Lecture Notes presents the fundamental science behind common biochemical investigations used in clinical practice Taking a system based approach it explores the underlying physiological rationale for tests with each test explained within the context of disruption by disease It also explores the value and limitations of biochemical investigations while helping readers to quickly develop the knowledge and skills required to select the appropriate investigations for diagnosis and management and to correctly interpret test results Case studies throughout chapters place the information within a clinical context to further assist readers in the development of test selection and interpretation skills Key features include A comprehensive yet concise overview of the science behind common biochemical investigations Helps readers rapidly acquire a fully integrated practical understanding of biochemical diagnostics Full colour flowcharts and algorithms detailing the rationale for tests the biochemical processes involved and test procedures for quick comprehension and reference More clinical cases demonstrating application to practice Now in its tenth edition this classic introductory reference and revision text is indispensable to medical students and all those who want to quickly acquire a practical understanding of the scientific principles underpinning biochemical tests and a working knowledge of test selection test procedures and the interpretation of results within a clinical context

Clinical Biochemistry Roger W. Giese, 1977

Clinical biochemistry Simon Walker, 2013

Clinical Biochemistry Simon W. Walker, Geoffrey J. Beckett, Peter Rae, Peter Ashby, 2013-08-02 Concise yet comprehensive Clinical Biochemistry Lecture Notes contains all the essential information for students and foundation doctors to understand the biochemical basis of disease and principles of biochemical diagnostics It presents scientific principles in a clinical setting with a range of case studies integrated into the text to clearly demonstrate how knowledge should be applied to real life situations Key features include The fundamental science underpinning common biochemical disorders and their

investigation in clinical practice Accessible flow charts of biochemical processes and the reasoning behind specific tests making look up and understanding easy A brand new companion website at www.lecturenoteseries.com/clinicalbiochemistry with self assessment and downloadable summary slides for revision Clinical Biochemistry Lecture Notes is an ideal overview and revision guide for medical students foundation doctors general practitioners and nurses It also provides a core text for scientific and medical staff pursuing a career in clinical biochemistry

Lecture Notes Clinical Biochemistry Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Lecture Notes Clinical Biochemistry PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the

information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Lecture Notes Clinical Biochemistry PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Lecture Notes Clinical Biochemistry free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Lecture Notes Clinical Biochemistry Books

1. Where can I buy Lecture Notes Clinical Biochemistry books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Lecture Notes Clinical Biochemistry book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Lecture Notes Clinical Biochemistry books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.

5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Lecture Notes Clinical Biochemistry audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Lecture Notes Clinical Biochemistry books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.

die vampirschwestern band 1 eine freundin zum - May 11 2023

web beschreibung eine freundin muss her und zwar sofort sonst machen sich daka und silvania sofort wieder zurück auf den weg nach transsilvanien dort kann man

basic concepts of echocardiography hemodynamics statpearls - Mar 28 2023

web oct 24 2022 describe the appropriate echocardiographic methods for the assessment of hemodynamics understand basic concepts of cardiac valvular function and flow dynamics discuss the interprofessional team strategies used to improve patient care with the use of echocardiographic hemodynamic assessment

hemodynamic monitoring in cardiogenic shock sciencedirect - Oct 23 2022

web apr 30 2023 it is now well documented that early recognition classification and precise phenotyping via early hemodynamic monitoring e g echocardiography invasive arterial pressure and the evaluation of organ dysfunction and parameters derived from central venous catheterization improve patient outcomes

echocardiography for hemodynamic evaluation in - Feb 24 2023

web by using echocardiography as a hemodynamic monitoring tool the clinician can evaluate several aspects of shock states such as cardiac output and myocardial contractility intracavitary pressures and biventricular interactions

echo based hemodynamics to help guide care in cardiogenic - Sep 21 2022

web nov 12 2022 integrating echo with other clinical findings allows for early identification of high risk hemodynamic features in patients with acute heart failure which can help guide early diagnosis and treatment

hemodynamic monitoring using trans esophageal echocardiography - Sep 02 2023

web mar 14 2020 the objectives of hemodynamic monitoring in this setting are multiple identifying the mechanisms of shock hypovolemic distributive cardiogenic obstructive choosing the adequate therapeutic intervention and evaluating the patient s response echocardiography is proposed as a first line tool for this assessment in the intensive

echocardiographic hemodynamic monitoring in the critically ill - Jan 26 2023

web in this review we describe the essential parameters for hemodynamic monitoring in the critically ill patient guided by echocardiography preload optimization in patients with severe sepsis or septic shock early optimization of cardiac output through intensive fluid therapy has been shown to reduce morbidity and mortality

hemodynamic monitoring in cardiogenic shock pmc - Dec 25 2022

web aug 8 2021 forms of hemodynamic monitoring forms of hemodynamic monitoring that continue to show promise for the management of cardiogenic shock include peripheral arterial catheterization pulmonary artery catheterization biomarker measurement and serial echocardiography

hemodynamic monitoring using echocardiography in the - Mar 16 2022

web echocardiography can be used for both the diagnosis and the management of circulatory and respiratory failure this book provides all the essential information required by readers in order to

hemodynamic monitoring using trans esophageal echocardiography - May 30 2023

web the objectives of hemodynamic monitoring in this setting are multiple identifying the mechanisms of shock hypovolemic distributive cardiogenic obstructive choosing the adequate therapeutic intervention and evaluating the patient s response echocardiography is proposed as a first line tool for this assessment in the intensive

hemodynamic monitoring using echocardiography in the - Oct 03 2023

web this book provides all the essential information required by readers in order to perform optimal hemodynamic management of the critically ill based on echocardiographic guidance after an introductory section on basic principles hemodynamic assessment using echocardiography is discussed in detail

use of echocardiography for hemodynamic monitoring pubmed - May 18 2022

web use of echocardiography for hemodynamic monitoring 2002 jun 30 6 1361 4 doi 10 1097 00003246 200206000 00039 10 1097 00003246 200206000 00039 echocardiography echocardiography transesophageal hemodynamics reproducibility of results

hemodynamic monitoring using echocardiography in the - Feb 12 2022

web oct 15 2021 the hemodynamic evaluation of patients with acute circulatory failure and respiratory failure has in the past usually been performed using invasive procedures but in recent years less invasive monitoring devices have been introduced echocardiography can be used for both the diagnosis and the management of circulatory and respiratory

echocardiography in the use of noninvasive hemodynamic monitoring - Aug 21 2022

web feb 14 2021 as doppler echocardiography is able to provide additional valuable information such as cardiac systolic and diastolic function and the presence of pericardial and pleural effusions which can play a significant role in the patients hemodynamic status using this noninvasive modality in the daily practice for hemodynamic assessment can

pdf haemodynamic monitoring using echocardiography in - Jun 30 2023

web feb 14 2012 3 focus assessed transthoracic echocardiography fate an abbreviated tte protocol is an effective supplementary tool 4 in critically ill patients it offers a systematic and focused

echocardiography in the use of noninvasive hemodynamic monitoring - Nov 23 2022

web feb 1 2014 as doppler echocardiography is able to provide additional valuable information such as cardiac systolic and diastolic function and the presence of pericardial and pleural effusions which can play a significant role in the patients hemodynamic status using this noninvasive modality in the daily practice for hemodynamic assessment can

ten reasons for performing hemodynamic monitoring using transesophageal - Jun 18 2022

web feb 17 2017 echocardiography is increasingly used in the intensive care unit icu as a diagnostic imaging modality and for discontinuous hemodynamic monitoring a recent large american data based study reported that echocardiography may have a prognostic impact in different clinical fields such as sepsis 2

echocardiography for hemodynamic monitoring - Jul 20 2022

web description aim to promote the use of echocardiography in the hemodynamic evaluation of critically ill patients the course will be interactive with a lot of time devoted to questions hands on sessions and discussions of live video transmissions location

haemodynamic monitoring using echocardiography in the - Aug 01 2023

web feb 14 2012 echocardiography is now considered an indispensable tool for diagnosis and haemodynamic monitoring in critically ill patients indications for performing echocardiography in the icu have expanded and it is now considered a requirement for critical care physicians to acquire competence in this mode of monitoring

echo doppler hemodynamics circulation aha asa journals - Apr 16 2022

web mar 17 2015 future advances in hand held echocardiography specifically its doppler capability and other measures such as implantable hemodynamic monitoring devices 18 may also prove helpful as hospital systems assume more

responsibility for outcomes overall costs and the integration of inpatient and outpatient care

haemodynamic monitoring using echocardiography in the - Apr 28 2023

web haemodynamic monitoring using echocardiography in the critically ill a review physicians caring for the critically ill are now expected to acquire competence in echocardiography it has become an indispensable diagnostic and monitoring tool in acute care settings where it is generally accepted to have therapeutic impact
