O Level English Language Seab:

Sean-chaint na nDéise Michael Sheehan, 1906 GIBRAN'S END GAME: THE VICE PRESIDENT WITHOUT A HIGH SCHOOL DIPLOMA Rismon Hasiholan Sianipar, 2026-01-22 This book originates from an effort to disentangle the complex interplay of facts documents and policies that have shaped the controversy surrounding the educational background of Gibran Rakabuming Raka In Indonesia s political trajectory toward the 2024 General Election questions concerning diploma equivalency and the validity of the vice presidential candidate s overseas education emerged as a matter of public debate This book presents an in depth investigation of official state documents cross national education systems and the legal framework that enabled Gibran to be accepted as a vice presidential candidate while leaving numerous unresolved academic questions The first chapter outlines the foundations of the controversy through a close examination of documents issued by the General Elections Commission Komisi Pemilihan Umum KPU that record Gibran s educational history According to these official records Gibran attended Elementary School SD Negeri Mangkubumen Kidul 16 Junior High School SMP Negeri 1 Surakarta and subsequently transferred to Orchid Park Secondary School in Singapore from 2002 to 2004 before continuing his studies at UTS Insearch Sydney from 2004 to 2007 At a glance this educational sequence appears legitimate however when assessed in relation to the education systems of Singapore and Australia significant anomalies emerge regarding level equivalency and duration of study The second chapter further examines the position of Orchid Park Secondary School within Singapore s education framework The school operates at the Secondary 3 4 level which is broadly equivalent to Grades 9 10 in the Indonesian system Upon completion students are expected to proceed to Junior College or a Polytechnic Foundation Program to fulfill upper secondary education The fact that Gibran is not recorded as having undertaken these additional two years constitutes the starting point of the academic problem how could an individual who had not completed full upper secondary education be directly admitted to an institution equivalent to an Australian diploma pathway The third chapter focuses on the certificate of equivalency issued by the Directorate General of Primary and Secondary Education Direktorat Jenderal Pendidikan Dasar dan Menengah of the Ministry of Education and Culture on 6 August 2019 This document states that Gibran had completed Grade 12 at UTS Insearch Sydney and was deemed equivalent to a graduate of an Indonesian vocational high school SMK with a specialization in Accounting and Finance This chapter argues that such a characterization is not supported by academic facts as UTS Insearch is not a secondary education institution but rather a pathway or transition provider leading to university level study The fourth chapter presents a structural analysis of UTS Insearch based on official archival materials from 2004 including brochures handbooks and curriculum documents The Business that Diplomas including the Diploma of Business offered by UTS INSEARCH are positioned at AQF Level 5 and that language or preparatory programs such as the Academic English Program AEP and the Direct Entry English Program DEEP are non AQF non award programs intended as academic support rather than substitutes for formal qualifications By comparing learning

outcomes notional study hours and pedagogical objectives across Year 12 AEP DEEP and Diploma programs this chapter demonstrates that a Diploma constitutes an entry level higher education qualification broadly comparable to the first year of university study rather than a replacement for senior secondary completion The analysis underscores the categorical distinction between secondary certification and higher education credentials within the AQF architecture thereby rejecting any interpretation that conflates the two levels The chapter then critically examines the Certificate of Equivalency issued by the Directorate General of Primary and Secondary Education Reference No 1454 D D5 DM 2019 which declared the combination of Gibran Rakabuming Raka s educational experiences namely Secondary 3 4 at Orchid Park Secondary School and subsequent studies at UTS INSEARCH as equivalent to Grade 12 SMA SMK Drawing on AQF level descriptors and established international equivalency practices the author concludes that this determination functioned primarily as an administrative and instrumental measure for document verification purposes rather than as the outcome of a rigorous academic assessment comparing curricula and learning outcomes Fundamentally the aggregation of two distinct and non equivalent levels lower secondary education and a higher education diploma does not conform to formal equivalency principles under either the AQF or UNESCO s International Standard Classification of Education ISCED Accordingly the equivalency letter is more accurately understood as a limited form of administrative recognition rather than as evidence that the individual concerned formally completed senior secondary education The ninth opens a space for testimonies from various parties who have questioned the legitimacy of Gibran Rakabuming Raka s overseas educational record particularly the claim of having completed Grade 12 at UTS INSEARCH Sydney Testimony from Ikhsan Katonde an Indonesian citizen residing in Sydney states that Gibran attended an English language course at the Insearch Language Centre for approximately six months and did not complete the program This account directly contradicts official documentation issued by the Ministry of Education which assessed Gibran as possessing knowledge equivalent to that of a graduate of an Indonesian vocational high school SMK specializing in Accounting and Finance Additional accounts from members of the Indonesian diaspora in Sydney as conveyed through interviews conducted by Roy Suryo further reinforce these doubts by emphasizing that UTS INSEARCH is not a secondary education institution delivering Year 12 but rather a pathway or diploma provider designed to prepare students for entry into higher education At the same time an official statement by Dr Eko Susanto a senior official within the Directorate General of Primary and Secondary Education explained that the equivalency letter for Gibran was issued on the basis of a combination of his education at Orchid Park Secondary School Grades 9 10 and his enrollment in the Diploma of Business program at UTS INSEARCH However academic analysis reveals a fundamental misalignment between these educational levels and the standards governing senior secondary curricula in both Indonesia and Australia The Diploma of Business is classified at AQF Level 5 corresponding to early stage higher education rather than to Grade 12 which is situated at AQF Level 3 Consequently this chapter presents a comprehensive account of the

contradictions between educational facts equivalency policy decisions and their broader implications for the integrity of state administration within Indonesia s national political context
