*Operations Management* Mike Pycraft, 2000  
*Managing Services* Alan Nankervis, Yuki Miyamoto, Ruth Taylor, John Milton-Smith, 2005-10-27 The rapid increase in global services during the last few decades is without doubt one of the most challenging social cultural political and especially economic forces of our time Services have supplanted agriculture manufacturing and resources as the primary source of international competitive advantage in many countries providing wealth employment and almost unlimited future opportunities for growth whether in traditional or more innovative forms This book explores the strategic management of services through an Integrated Services Management Model which links operational marketing financial and human resource management functions within a broad and diverse collection of international regional and local service contexts It contains numerous case examples student projects and exercises designed to illustrate common problems and innovative approaches with a particular focus on the Asia Pacific and Australasian regions

**Sport Facility Operations Management** Stacey A. Hall, Simon Shibli, Eric Schwarz, 2010-05-14 This is the first book to take a truly global look at facilities operations management in the sport industry Sports facilities management is in the national news with reports from the BBC that three

2012 Olympic venues in London are being evaluated by accountants to see whether they will deliver value for money The current estimate of government spending on the games is 9.3 billion There is also an ongoing debate about the fate of the 80,000 seat stadium that is being constructed for the games at a cost of 500 million Sport facilities of all shapes and sizes are an ingrained part of global sport management culture As such it is inevitable that students who enter into the field of sport management will interact with the management and operations of a sport facility at some point during their career This textbook provides the theoretical foundation for sport facility operations management and is supplemented both in the text and in the companion site containing schematics planning documents sample forms and sample ownership management structures In addition each author will infuse research and experiences from sport facilities around the world North America Europe Middle East Asia Australia and New Zealand to ensure that a global perspective is at the core of this book This book is published with the sport management lecturer and student in mind

**Operations Management** Steven A. Melnyk, David R. Denzler, 1996 The value driven approach to operations management reaches beyond TQM which is limited by its focus on turning out quality products to thinking in terms of building systems that respond to the changing needs of customers rather than simply building products at the lowest possible cost This text is not structured around the traditional elements of planning organizing controlling and feedback but rather around the concepts and practicalities that form the new approach
