The Average American Male By Chad Kultgen

Chad Kultgen

The Average American Male By Chad Kultgen:

The Average American Male Chad Kultgen, 2009-10-13 I can't figure out if this book is a heart-felt dispatch from the front line in the battle of the sexes or a brilliant send-up of the way in which the male point of view has been misrepresented by militant feminists. I suspect it may be both. Toby Young, New York Times bestselling author of *How to Lose Friends and Alienate People*, an offensive in your face, brutally honest and completely hilarious look at male inner life and sexual fantasy. In the course of this hilariously honest book, our narrator suffers through a relationship with his wannabe actress girlfriend until he finds the perfect girl. But when he moves into the new relationship, he slowly realizes he thinks that all women are pretty much the same, that his true desires will never be fulfilled, and the decision between living life alone or biting the marriage bullet must be made.

The Average American Bundle Chad Kultgen, 2014-09-16 Now available in one volume are three of Chad Kultgen's offensive in your face, brutally honest and completely hilarious looks at male inner life and sexual fantasy. This eBook collection includes *The Average American Male*, *The Average American Marriage*, and *The Lie*. The unnamed narrator is in his late twenties, has an unimportant job, plays video games, and hangs out with his friends and his girlfriend. But that's not all. He unabashedly reveals every thought that goes through his head, from his sexual fantasies involving his annoying girlfriend and other women he encounters, his masturbation sessions while watching porn, and his disgust with his annoying girlfriend and a majority of the people he comes across.

The Average American Marriage Chad Kultgen, 2013-02-12 *The Average American Marriage*, the long-awaited sequel to *The Average American Male*, is a matter of fact foray into the male mind and sexual fantasy. Now married with children, Kultgen's lewd and sex-obsessed narrator once again offers up his deep and not-so-deep thoughts on love, marriage, kids, and naturally, sex. From birthday sex to interns to parenting, *The Average American Male* looks upon the institution of marriage with the same deadpan smirk he has brought to the rest of his sex-addled, perennially disaffected life.

Men, Women & Children Chad Kultgen, 2011-06-21 The author of *The Average American Male* and *The Lie* returns with a shocking, salacious, and surprisingly subtle new novel of the average American family. Like Neil Strauss and Nick Hornby, Chad Kultgen has the capacity to enthrall and astonish even the most ardent readers of contemporary literary fiction. In *Men, Women and Children*, his incisive vision, unerring prose, and red-light-district imagination are at their most ambitious and surprising as he explores the sexual pressures of junior high school students and their parents navigating the internet's shared landscape of pornography, blogs, social networking, and its promise of opportunities, escapes, reinvented identities, and unexpected conflicts.

Strange Animals Chad Kultgen, 2015-07-07 A thought-provoking and darkly witty novel about freedom, motherhood, greed, and religion, a surprising new direction from the controversial author of *Men, Women, Children* and *The Average American Male*. Chad Kultgen has established himself as one of the most honest and candid chroniclers of human relationships working today. Now, in an eye-opening departure, he turns his gaze on the collision between religious values and

human freedoms in American society She found herself thinking how strange it was that although we are all animals with roughly the same mental capacity and roughly the same access to information both general and specific we can come to such radically different conclusions about the nature of reality She wondered if it would always be like this or if at some point in the future a general knowledge base would be accepted by the whole of humanity on which every individual would base their view of existence She hoped this would be the case and wished she could live to see it Karen Halloway is a philosophy PhD candidate struggling to find a dissertation topic strong enough to make a mark on the world When she discovers that she is pregnant she finds herself at a crossroads she has always known that she doesn't want to be a mother and feels her only choice is to have an abortion though she knows that both her boyfriend and her highly religious best friend will object Yet on the way to the clinic Karen has the epiphany she has been looking for a way to turn her unexpected situation to her advantage Fiendishly suspenseful intellectually provocative *Strange Animals* is a surprising novel about freedom choice and desperate measures [Darklight](#) Chad Kultgen,2014-04-30 We poisoned our planet Sucked it dry of natural resources Killed one another in the name of gods that never existed and survived despite it all Now at the very edges of the fabric of space time the universe itself is starting to decay Three warring races the Human Empire the organic Duron and the cybernetic Luminids must band together to stop their mutual destruction and the future of the galaxy rests on Captain Rhodes and the crew of the H E Woden [Men, Women & Children Tie-in](#) Chad Kultgen,2014-11-04 The shocking and hilarious novel of dating sex and distress in an average American suburb now a major motion picture directed by Jason Reitman and starring Adam Sandler Jennifer Garner Emma Thompson and Judy Greer The only thing more disturbing than junior high school is adulthood The story of one town's complicated network of dating and sex intimacy and disconnection online and off at work at home and in school is now a major motion picture by Jason Reitman the award winning director of *Up in the Air* *Juno* and *Thank You for Smoking* Reitman's film featuring a star studded cast including Adam Sandler Jennifer Garner Emma Thompson and an attention getting cast of young newcomers is based on the novel by cult hero Chad Kultgen author of *The Average American Male* *The Average American Marriage* and *The Lie* The novel explores the sexual explorations of a handful of junior high school students and their equally dysfunctional parents From porn surfing fathers to *World of Warcraft* obsessed sons from competitive cheerleaders to their dissatisfied misguided mothers Kultgen clicks open the emotionally treacherous culture we live in [The Lie](#) Chad Kultgen,2009-03-03 *The Lie* is an illicit yet surprisingly searching novel one that reaches into the craven inner workings of some of the most depraved minds in America college students *How to Win The Bachelor* Chad Kultgen,Lizzy Pace,2022-01-25 Perfect for fans of *Bachelor Nation* and *Seinfeld* an illuminating deep dive into the most successful reality TV franchise of all time *The Bachelor* Since its premiere in 2002 ABC's *The Bachelor* has become a staple of American television Now discover the fascinating history of the show uncover the ins and outs of the phenomenon that has become *Bachelor Nation* and take a deeper look at what separates the winners from the losers From
