amount of time you have before your opponent's attack lands. Rather, one must counter attack immediately in a very direct and protected manner and rely on reflexes to determine how to react if the opponent's attack continues to pose a problem. Chi sao or sticking hands trains students to respond reflexively to the speed, force, and direction of an attack based on tactile information, which the human brain processes much faster than visual information. The main difference between Wing Tsun and other Wing Chun styles is the WT teaching method. The style's creator, Leung Ting, developed the system to be easier to learn and teach compared to more traditional styles of Wing Chun. This idea was later expanded upon by Keith Kernspecht, head of
