Summary of Kenneth Roman & Joel Raphaelson's Writing That Works, 3rd Edition Everest Media, 2022-06-22T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The goal of clear communication is not to be clear but to be effective You won t be able to take action on the information if it is unclear or irrelevant to the subject 2 To get action from busy people your writing must cut through to the heart of the matter It must require a minimum of time and effort on the reader s part The importance of this increases with the importance of your reader 3 The biggest time waster is shuffling things from one pile to another while you drown in a sea of indecision Effective executives try to handle paper only once and they delete or respond to e mail on the spot

Communication Skills Richard Worth, 2004 Knowing how to communicate clearly and effectively in the workplace is a key to success Communication Skills Second Edition focuses on the importance of solid speaking writing listening and conversational skills for thriving in the workplace The book also covers additional communication skills that are useful in specific situations such as techniques for conducting structured and productive meetings
