Peer to Peer and the Music Industry Matthew David,2010 Have the music and movie industries lost the battle to criminalize downloading This penetrating and informative book provides readers with the perfect systematic critical guide to the file sharing phenomenon Combining inter disciplinary resources from sociology history media and communication studies and cultural studies David unpacks the economics psychology and philosophy of file sharing The book carefully situates the reader in a field of relevant approaches including Network Society

Theory Post structuralism and ethnographic research It uses this to launch into a fascinating enquiry into the rise of file sharing the challenge to intellectual property law posed by new technologies of communication the social psychology of cyber crime and the response of the mass media and multi national corporations The book concludes with a balanced eye opening assessment of alternative cultural modes of participation and their relationship to cultural capitalism This is a landmark work in the sociology of popular culture and cultural criminology It fuses a deep knowledge of the music industry and the new technologies of mass communication with a powerful perspective on how multinational corporations seek to monopolize markets how international and state agencies defend property while a global multitude undermine and or reinvent both
