

# AP WORLD HISTORY

## Study Guide: *Guns, Germs, and Steel*

- The following strategy is suggested for completing this study guide:
  - 1) Read the questions for the chapter before you start reading
  - 2) Read the entire chapter without writing full answers
    - Highlight, underline or flag with post-it notes, important sections as you discover them
  - 3) Write your answers to the questions after you have read the entire section or chapter
    - Most answers should be a few sentences long (Don't write a book!)
- Keep in mind that all of the answers to these questions are the theories of the book's author, Jared Diamond. Therefore, the words "According to Jared Diamond," can be added to each question.

### PROLOGUE:

1. What is "Yali's Question"?
2. How does Diamond reword this question (which becomes the focal question of the entire book)?
3. Briefly describe the various possible answers to the question.

### CHAPTER 1: Up to the Starting Line

- \* No questions but read this chapter quickly, focusing on the origins and spread of man
- \* Don't get bogged down in all of the terminology like, *Homo Sapien*, *Cro-Magnon*, *Clovis*, etc.

### CHAPTER 2: A Natural Experiment of History

4. Why did the Maori and the Moriori evolve differently?
5. How did population density affect economies, social complexity, and political organization?

### CHAPTER 3: Collision at Cajamarca

6. Who are Atahualpa and Pizarro and why was their meeting significant?
7. Explain the variety of reasons why Pizarro's small force defeated Atahualpa's empire.

### CHAPTER 4: Farmer Power

8. How did food production lead to Spanish advantages over the Inca?

### CHAPTER 5: History's Haves and Have-Nots

9. What are the 5 areas of independent domestication of plants (food production)?
10. What are the 4 areas that are possible sites of independent domestication of plants?
11. What 3-4 other areas received "founder packages" from Southwest Asia?

### CHAPTER 6: To Farm or Not to Farm

12. Why did hunter-gatherers evolve to become farmers in some areas and not in others?

### CHAPTER 7: How to Make an Almond

13. What does "plant domestication" mean?
14. Why is it important to understand when and why people became farmers?
15. What made some plants easier and more attractive to domesticate than others?

### CHAPTER 8: Apples or Indians

16. Where is the fertile Crescent?
17. Why did its domesticated plants and animals give it such a head start over the rest of the world?
