Street, Anthony R. DiMaggio, 2015-12-03 The Tea Party has been the most high profile and controversial social movement in the US of recent times But real analysis of the Tea Party remains slim is it a genuine social movement or a topdown interest group created by the Republican Party and corporate funding Crashing the Tea Party is based on first hand observation of local Tea Party chapters and undertakes a critical journalistic and scholarly examination from the national and local level Paul Street and Anthony DiMaggio provide a carefully documented account which challenges conventional wisdoms Crashing the Tea Party fills the gap in public understanding about this particular social movement and how social movements in general relate today to the ideologies of left and right and the mass media **The Publishers Weekly**, 2009
