Financial Literacy and Stock Market Participation Maarten van Rooij,Annamaria Lusardi,Rob Alessie,2007 Individuals are increasingly put in charge of their financial security after retirement Moreover the supply of complex financial products has increased considerably over the years However we still have little or no information about whether individuals have the financial knowledge and skills to navigate this new financial environment To better understand financial literacy and its relation to financial decision making we have devised two special modules for the DNB Household Survey We have designed questions to measure numeracy and basic knowledge related to the working of inflation and interest rates as well as questions to measure more advanced financial knowledge related to financial market instruments stocks bonds and mutual funds We evaluate the importance of financial literacy by studying its relation to the stock market Are more financially knowledgeable individuals more likely to hold stocks To assess the direction of causality we make use of questions measuring financial knowledge before investing in the stock market We find that while the understanding of basic economic concepts related to inflation and interest rate compounding is far from perfect it outperforms the limited knowledge of stocks and bonds the concept of risk diversification and the working of financial

markets We also find that the measurement of financial literacy is very sensitive to the wording of survey questions This provides additional evidence for limited financial knowledge Finally we report evidence of an independent effect of financial literacy on stock market participation Those who have low financial literacy are significantly less likely to invest in stocks

Pensions and Informal Sector in India Amlan Ghosh,2022-08-03 This book deals with the pension of uncovered people in India the informal or unorganized sector workers who contribute more than fifty percent of India s total output Until recently these workers don t get any old age security when they retire unlike those from the organized sector workers such as govt employees or corporates This book offers insights on the pension system of the informal sector in India The book is the outcome of field research of two years and the field research was conducted on MSME sector a sub sector of unorganised sector which provides the knowledge about the present state of the unorganised sector workers in MSMEs their financial condition and stress their work participation their awareness level of old age financial security or pension and their financial behaviour regarding pension savings in India This book empirically demonstrates a relationship between financial literacy and willingness to save for retirement benefits among the informal sector workers in India Access to banking also improves the probability of retirement savings along with the gender and education By reading this book readers can understand the demographic change India is going to witness within the next thirty years and its challenges to meet the longevity risk of these workers

Barriers to Household Risk Management Ms.Shawn Cole,Mr.Xavier Gine,Mr.Jeremy Tobacman,Petia Topalova,Robert M. Townsend,Mr.James Ian Vickery,2012-07-01 Why do many households remain exposed to large exogenous sources of non systematic income risk We use a series of randomized field experiments in rural India to test the importance of price and non price factors in the adoption of an innovative rainfall insurance product Demand is significantly price sensitive but widespread take up would not be achieved even if the product offered a payout ratio comparable to U S insurance contracts We present evidence suggesting that lack of trust liquidity constraints and limited salience are significant non price frictions that constrain demand We suggest contract design improvements to mitigate these frictions
