thousands more who either gave up or lost interest long ago The reality is why Common Core CPR is needed Urgently Because if we continue to insist that all students meet expectations that are well beyond their abilities and mindsets these kids will only decline faster We must be brave enough and trained enough to cast aside what we know harms students and apply with renewed vigor the teaching methods we know work Releah Lent and Barry Gilmore rise to the challenge and there are no two authors better equipped to do so They embrace what is best about the standards their emphasis on active authentic learning and then explicitly show teachers how to connect these ideal outcomes to practical classroom strategies detailing the day to day teaching that can coax reluctant learners into engagement and achievement You ll learn how to Consider choice and relevance in every assignment Plan and spot opportunities for success Scaffold students comprehension of complex fiction and nonfiction texts Model close reading through thoughtful questioning Teach students to use evidence in reading writing speaking and reflection And so much more It s not the big sweeping formulas for achievement that will win the day it s the incremental growth that teachers need to make happen that one book that one writing assignment to help a student turn a corner If we can get that one transformational moment to occur and follow it up by designing more opportunities for success that s the ideal say Lent and Gilmore *Open Air*, 1923 **The Vassar Miscellany Monthly**, 1921 Tactile and Personal Norman Burslem, 2023-02-15 A newborn child a dying mother the fragile balance of nature a family struggling with marital discord an elderly man struggling with social isolation This new collection of poems and short stories ponders the human condition and that of the natural world This touching and thoughtful work considers themes as varied as familial relationships and climate change striking a chord with many readers in such uncertain times
