Cyprus South & North Rolf Goetz,2019-03-28 Cyprus is not only famous for its cultural heritage and 9000 year old past Aphrodite s Island is one of the most popular hiking destinations in the eastern Mediterranean The centre of the island is dominated by the Troodos mountain measuring some 2000 m in height which despite its considerable altitude is more reminiscent of European low mountains due to its softly rounded and forested peak This Rother hiking guide proposes 50 routes mostly ranging from easy to medium level Next to mountain tours it also includes a selection of coastal paths along bizarre cliffs and adventurous ravine tours Forest paths and nature trails lead through aromatic cedar woods silent valleys and to remote Byzantine churches and monasteries Classic spring tours are those which take visitors across the peninsula of Akamas when colourful carpets of flowers and orchids blossoming by the wayside unveil their typical Mediterranean charm
