Pollard,2002-01-04 We are now living through a period of knowledge capitalism in which as Castells put it the action of
knowledge upon knowledge is the main source of productivity In the face of such transformation the economic social and
institutional contours of contemporary capitalism are being reshaped At the heart of this world are an emergent set of
economies regions institutions and peoples central of the flows and translations of knowledge This book provides an
interdisciplinary review of the triad of knowledge space economy on entering the twenty first century Drawing on a variety of
disciplinary backgrounds the first part of the book comprises a set of statements by leading authors on the role of knowledge
in capitalism Thereafter the remaining two parts of the book explore the landscape of knowledge capitalism through a series
of analyses of knowledge in action within a range of economic political and cultural contexts Bringing together a set of
authors from across the social sciences this book provides both a major theoretical statement on understanding the economic
world and an empirical exemplification of the power of knowledge in shaping the spaces and places of today s society
