Ali feels embarrassed and is now avoiding work.

Questions:

1. What went wrong in this situation?
 2. What type of conflict is this?
 3. What could Bilal have done differently as a leader?

A father and son run a small business together. The son wants to modernize the business by launching an online store, but the father believes their traditional methods have worked fine for decades. Their disagreements have become heated, and now they barely speak to each other at work.

Questions:

1. What type of conflict is this?
 2. Why might the father resist change? Why might the son be frustrated?
 3. How could they communicate their perspectives without damaging their relationship?
