Digital Libraries: International Collaboration and Cross-Fertilization Zhaoneng Chen, Hsinchun Chen, Qihao Miao, Yuxi Fu, Edward Fox, Ee-peng Lim, 2004-12-03 The International Conference on Asian Digital Libraries ICADL is an annual international forum that provides opportunities for librarians, researchers, and experts to exchange their research results, innovative ideas, service experiences, and state-of-the-art developments in the field of digital libraries. Building on the success of the first six ICADL conferences, the 7th ICADL conference, hosted by the Shanghai Jiao Tong University and the Shanghai Library in Shanghai, China, aimed to further strengthen the academic collaboration and strategic alliance in the Asia Pacific Region in the development of digital libraries. The theme of ICADL 2004 was Digital Library International Collaboration and Cross-fertilization with its focus on technology, services, management, and localization. The conference began with an opening ceremony, and the conference program featured 9 keynote speeches and 5 invited speeches by local and international experts. During the 3-day program, 40 research paper presentations were given in 3 parallel sessions. The conference also included 6 tutorials and an exhibition. The conference received 359 submissions, comprising 248 full papers and 111 short papers. Each paper was carefully reviewed by the Program Committee members. Finally, 44 full papers, 15 short papers, and 37 poster papers were selected. On behalf of the Organizing and Program Committees of ICADL 2004, we would like to express our appreciation to all authors and attendees for participating in the conference. We also thank the sponsors, Program Committee members, supporting organizations, and helpers for making the conference a success. Without their efforts, the conference would not have been possible. *Digital Libraries: People, Knowledge, and Technology* Ee-Peng Lim, Schubert Foo, Chris Khoo, Hsinchun Chen, Edward Fox, Urs Shalini, Costantino Thanos, 2003-07-01 The International Conference on Asian Digital Libraries ICADL is an annual international forum for participants to exchange research results, innovative ideas, and state-of-the-art developments in digital libraries. Built upon the successes of the first four ICADL conferences, the 5th ICADL Conference in Singapore was aimed at further strengthening the position of ICADL as a premier digital library conference that draws high-quality papers and presentations from all around the world while meeting the needs and interests of digital library communities in the Asia Pacific region. The theme of the conference was Digital Libraries: People, Knowledge, the technologies that are employed to build user-centered environments through organization, interaction, and provision of access to that content, and the human elements of management, policies, maintenance, and vision necessary to keep pace with new content, new technologies, and changing user needs.
