Race and Masculinity in Southern Memory Matthew Mace Barbee, 2013-12-05 In *Race and Masculinity in Southern Memory* Matthew Mace Barbee explores the long history of Richmond Virginia s iconic Monument Avenue As a network of important memorials to Confederate leaders located in the former capitol of the Confederacy Monument Avenue has long been central to the formation of public memory in Virginia and the U S South It has also been a site of multiple controversies over what who and how Richmond s past should be commemorated This book traces the evolution of Monument Avenue by analyzing public discussions of its memorials and their meaning It pays close attention to the origins of Monument Avenue and the first statues erected there including memorials to Robert E Lee and Jefferson Davis Barbee provides a detailed and focused analysis of the evolution of Monument Avenue and public memory in Richmond from 1948 to 1996 through the Civil Rights Movement and the Civil War Centennial and up to the memorial to Arthur Ashe erected in 1996 An African American native of Richmond Ashe was an international tennis champion and advocate for human rights The story of how a monument to him ended up in a space previously reserved for statues of Confederate leaders helps us understand the ways Richmond has grappled with its past especially the histories of slavery Jim Crow and Civil Rights

Memorial Mania Erika Doss, 2012-09-07 In the past few decades thousands of new memorials to executed witches victims of terrorism and dead astronauts along with those that pay tribute to civil rights organ donors and the end of Communism have dotted the American landscape Equally ubiquitous though until now less the subject of serious inquiry are temporary memorials spontaneous offerings of flowers and candles that materialize at sites of tragic and traumatic death In *Memorial Mania* Erika Doss argues that these memorials underscore our obsession with issues of memory and history and the urgent desire to express and claim those issues in visibly public contexts Doss shows how this desire to memorialize the past

disposes itself to individual anniversaries and personal grievances to stories of tragedy and trauma and to the social and political agendas of diverse numbers of Americans By offering a framework for understanding these sites Doss engages the larger issues behind our culture of commemoration Driven by heated struggles over identity and the politics of representation Memorial Mania is a testament to the fevered pitch of public feelings in America today [Race, Rights, and Rifles](#) Alexandra Filindra,2023-09-26 One third of American adults some 86 million people own firearms This is not just for protection or hunting Today it is common to associate US gun centric ideology with individualist and libertarian traditions in American political culture but Race Rights and Rifles shows that gun centric ideology rests on a very old but different foundation a belief system dating back to the American Revolution that fuses republican notions of civic duty with a belief in white male supremacy and a commitment to maintaining racial and gender hierarchies Alexandra Filindra calls this belief system ascriptive martial republicanism because it combines republican ideals of civic virtue with an exclusionary vision of citizenship and an emphasis on martial preparedness over other forms of civic participation and service Drawing on wide ranging historical and contemporary evidence Race Rights and Rifles traces how this ideology emerged during the Revolution and became embedded in America s institutions from state militias to the National Rifle Association NRA Although no longer a dominant ideology ascriptive republicanism remains a potent force in American politics and the NRA is a critical vector of its influence New survey data shows that many White Americans including those outside of the NRA s direct orbit understand citizenship in ascriptive martial republican terms This ideology is a robust predictor of gun ownership support for the NRA and beliefs that guns are a sign of good citizenship Moreover those who embrace this ideology are more likely than others to value gun rights over voting rights to embrace antidemocratic norms and to justify political violence **Appalachian Journal** ,2006 A regional studies review **Rich Man's War, Poor Man's Fight** Jeanette Keith,2004 Rich Man s War Poor Man s Fight Race Class and Power in the Rural South during the First World War [The Rise of Multicultural America](#) Susan Laura Mizruchi,2008 Rise of Multicultural America Economy and Print Culture 1865 1915 [Summary of Tony Horwitz's Confederates in the Attic](#) Everest Media,2022-07-17T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I began to read aloud to my son from a ten volume collection called The Photographic History of the Civil War I learned about palindromes from the Southern sea captain Raphael Semmes I began to match Brady s still deaths with the curt stutter of farm roads and rocks 2 I had always been a Civil War bore but when I returned to America after nine years abroad I found that people were becoming obsessed with the history of the Civil War 3 Americans were still obsessed with the Civil War and this passion was reflected in the media in the movies and in the theme park being built beside the Manassas battlefield 4 I spent the weekend with the re enactors and while I can t explain my behavior I was just a normal guy sitting in a house in Virginia looking at pictures of long dead Confederates **Neighbor to Neighbor** Sandra L.
