plucking description of a home stay in a muddy compound in Cambodia as a 61 year old this collection ranges widely As renowned for his insightful observations as for his poetic prose George always absorbs the essence of the places he s visiting Other stories here include a moving encounter with Australia s sacred red rock monolith Uluru an immersion in country kindness on the Japanese island of Shikoku the trials and triumphs of ascending Yosemite s Half Dome with his wife and children and a magical morning at Machu Picchu **Travel** ,1914 The Art of Travel ,1982 The Cambridge Companion to Travel Writing Peter Hulme,Tim Youngs,2002-11-21 Table of contents Travel Writing Cynthia Dial,2001 Travel writers explore the world and get paid for it Turn a love of travel into a profession with tips on how to get started where to find great story ideas how to write an irresistible proposal and how to get work published **Moving Lives** Sidonie Smith,2001 **Travel Writing in an Age of Global Quarantine** Gary Fisher,David Robinson,2022-04-05 Travel Writing in an Age of Global Quarantine is an anthology of travel accounts by a diverse range of writers and academics Challenging conventional academic authority each contributor writes from memory during the Covid 19 lockdown about a place they have previously visited accompanied by an historical traveller who published an account of the same place As immobility is forced upon us at least for the immediate future we have the chance to reflect Travel Writing in an Age of Global Quarantine presents opportunities to approach a text as a scholar differently We break with the traditional academic rules by inserting ourselves into the narrative and foregrounding the personal subjective elements of literary scholarship Each contributor critiques an historical description of a place about which simultaneously they write a personal account The travel writer Philip Marsden posits a fundamental difference between traditional academic writing and travel writing in that travel narratives do not or ought not anyway begin by assuming a scholarly authoritative understanding of the places they describe Instead they attempt to say what they found and how they felt about it The very good point we think Marsden makes and the one this book tries to demonstrate is that as a matter of form the first person narrative has the ability to expose the research process to allow the reader to see when and how a scholarly transformation takes place to give the scholar the opportunity to openly foreground their own subjectivity and say this is the personal journey that led me to my conclusions to problematize the unchallenged authority of the scholar Travel Writing in an Age of Global Quarantine challenges the idea of scholarly authority by embracing the subjective nature of research and the first person element We address a problematic distance between travel writing practice and travel writing scholarship in which the latter talks about the former without ever really talking to it Defining travel writing as a genre has often proved more difficult than it might seem but Peter Hulme has suggested that it is ethically necessary for the writer to have visited the place described Hulme asserts that travel writing is certainly literature but it is never fiction If this seems obvious Travel Writing in an Age of Global Quarantine asks the reader to consider the idea that if visiting the place described is necessary for the writer to claim they have produced a travel account might it also be necessary or at least advantageous and valuable for the writer of a scholarly critique of that

account to have done the same **Complete Travel Writing** David Herbert Lawrence,2009 For the first time all of Lawrence s travel writings are collected in one volume and amongst popular works such as *Twilight in Italy* are to be found comparative rarities such as *Introduction to the Memoirs of MM* as well as his writings on Europe and South America Included in the collection is the novel *Kangaroo* which while strictly speaking not a piece of travel writing nevertheless gives a vivid account of the persecution which sent the Lawrences on their travels and is a fascinating portrait of Australia between the wars David Herbert Lawrence was the son of a coal miner and a mother from a family with middle class aspirations He was a poet novelist essayist and short story writer as well as one of the most consummate travel writers of the twentieth century *Postcolonial Travel Writing* J. Edwards,R. Graulund,2010-11-10 With its inclusion of original essays challenging the view of travel writing as a Eurocentric genre this book will stand as a benchmark study of future inquiries in the field It will revitalize the critical debate sparking a much needed rethinking of a vibrant and highly popular but also volatile genre that has seen many changes in recent years
