Short-Term Play Therapy for Children, Second Edition Heidi Gerard Kaduson, Charles E. Schaefer, 2006-08-17 This volume presents a variety of play approaches that facilitate children's healing in a shorter time frame. Invaluable for any clinician seeking to optimize limited time with clients, the book provides effective methods for treating children struggling with such challenges as posttraumatic stress disorder, anxiety, disruptive behavior, mood disorders, attention deficit hyperactivity disorder, and parental divorce. Individual, family, and group treatment models are described and illustrated with richly detailed case examples. Featuring session-by-session guidelines, chapters demonstrate how to engage clients, rapidly develop appropriate treatment goals, and implement carefully structured, brief interventions that yield lasting results. **The Bipolar Handbook for Children, Teens, and Families** Wes Burgess, 2008-05-15 The most practical and current resource for children and teens affected by bipolar disorder. A practicing psychiatrist specializing in bipolar disorder for nearly twenty years, Dr. Burgess has helped countless children and teens navigate the minefield of mania and depression and lead successful, happy lives. Drawing on the real questions asked by patients and parents and families of affected children, *The Bipolar Handbook for Children, Teens, and Families* tackles every area of the disorder: causes, medical treatment, and psychotherapy strategies for creating a healthy lifestyle and preventing, coping with, and treating bipolar episodes. More than five hundred questions and answers address how to choose the right doctor or specialist for your child, what treatment and medication protocols are best, and how to reduce stress to prevent manic and depressive episodes. Special chapters on practical strategies for academic success, building healthy relationships, issues that specifically affect teens versus younger children, and coping techniques for families and friends further explore the impact of the disorder on daily life. *The Bipolar Handbook for Children, Teens, and Families* also includes diagnostic criteria from the American Psychiatric Association and the National Institute of Mental Health, making this a versatile guide perfect for both quick reference and in-depth study. **Poetic Sighs** Robert McManes, 2001-12-30 The poetry contained within these pages has been written about everyday life as seen by the author. There are a large variety of subjects: romance, sorrow, philosophy, and more than a sprinkling of nature-related poem as the author's rural home setting provides a source of extra inspiration. **Lyrics (Songbook)** Hal Leonard Corp., 2006-02-01 Lyric Library: An unprecedented collection of popular lyrics that will appeal to all music fans.
