Creating Christ How Roman Emperors Invented Christianity:

Creating Christ James S. Valliant, C. W. Fahy, 2016-09-07 Exhaustively annotated and illustrated this explosive work of history unearths clues that finally demonstrate the truth about one of the world's great religions that it was born out of the conflict between the Romans and messianic Jews who fought a bitter war with each other during the 1st Century. The Romans employed a tactic they routinely used to conquer and absorb other nations: they grafted their imperial rule onto the religion of the conquered. After 30 years of research, authors James S. Valliant and C. W. Fahy present irrefutable archeological and textual evidence that proves Christianity was created by Roman Caesars. This book breaks new ground in Christian scholarship and is destined to change the way the world looks at ancient religions forever. Inherited from a long past era of tyranny, war, and deliberate religious fraud, Christianity could have been created for an entirely different purpose than we have been led to believe. Praised by scholars like Dead Sea Scrolls translator Robert Eisenman, James the Brother of Jesus, this exhaustive synthesis of historical detective work integrates all of the ancient sources about the earliest Christians and reveals new archeological evidence for the first time. And despite the fable presented in current bestsellers like Bill O'Reilly's *Killing Jesus*, the evidence presented in *Creating Christ* is irrefutable: Christianity was invented by Roman Emperors. I have rarely encountered a book so original, exciting, accessible, and informed on subjects that are of obvious importance to the world and to which I have myself devoted such a large part of my scholarly career. Studying in this book, they have rendered a startling new understanding of Christianity with a controversial theory of its Roman provenance that is accessible to the layman in a very powerful way. In the process, they present new and comprehensive archeological and iconographic evidence, as well as utilizing the widest and most cutting-edge work of other recent scholars, including myself. This is a work of outstanding and original scholarship. Its arguments are a brilliant, profound, and thorough integration of the relevant evidence. When they are done, the conclusion is inescapable and obviously profound: Robert Eisenman, Author of *James the Brother of Jesus* and *The New Testament Code*: A fascinating and provocative investigative history of ideas boldly exploring a problem that previous scholarship has not clearly or credibly addressed: how and why the Flavian dynasty wove Christianity into the very fabric of Western civilization. Mark Riebling, author of *Church of Spies: The Pope's Secret War Against Hitler*.

Creating Christ James S. Valliant, Warren Fahy, 2018-11-15 Exhaustively annotated and illustrated. *Creating Christ* is an explosive work of history unearthing clues that finally reveal the truth about one of the world's great religions: Christianity was born out of the cataclysmic conflict between the Roman Empire and messianic Jews that culminated in two bitter wars fought during the 1st and 2nd Centuries. The Romans not only reduced the legendary Jerusalem Temple to a Wailing Wall; they grafted their imperial rule onto the religion of the vanquished, as well as they had done with other conquered cultures. Inherited from an era of tyranny, war, and deliberate religious fraud, the New Testament was created for a long forgotten purpose: the pacification of messianic rebels. After 30 years of research, authors James S. Valliant and Warren Fahy
