(PDF) Conflict Is Not Abuse: Overstating Harm, Community Responsibility, and the Duty of Repair

Description :

From intimate relationships to global politics, Sarah Schulman observes a continuum: that inflated accusations of harm are used to avoid accountability. Illuminating the difference between Conflict and Abuse, Schulman directly addresses our contemporary culture of scapegoating. This deep, brave, and bold work reveals how punishment replaces personal and collective self-criticism, and shows why difference is so often used to justify cruelty and shunning. Rooting the problem of escalation in negative group relationships, Schulman illuminates the ways cliques, communities, families, and religious, racial, and national groups bond through the refusal to change their self-concept. She illustrates how Supremacy behavior and Traumatized behavior resemble each other, through a shared inability to tolerate difference. This important and sure to be controversial book illuminates such contemporary

Empire of Madness Khameer Kidia, 2026-02-03 An urgent rethinking of the Western approach to mental health which treats the symptoms rather than the exploitative systems causing our distress by a Rhodes Scholar and Harvard Medical School physician anthropologist offering lessons from the rest of the world What if the mainstay of mental health care involved cancelling onerous debt giving poor people free housing and paying reparations to the descendants of slavery and colonialism In Empire of Madness Dr Khameer Kidia re evaluates the Western approach to mental health which medicates symptoms instead of changing the structures that harm the human psyche A physician and researcher whose own family suffers from the psychological effects of colonialism Kidia highlights the limitations of the Western mental health model by reporting from the front lines of mental health crises at home in the clinic and during a decade of fieldwork Clear eyed and openhearted Kidia asks the nuanced questions unaddressed by our current

mental health model How do history culture and politics shape mental distress Are hoarding and burnout medical diagnoses or social problems Why are schizophrenia outcomes sometimes better in poor countries without antipsychotics Can a traditional healer treat mental illness better than a Western trained clinician For those living in poverty can cash replace pills With rigorous research cutting analysis and illuminating prose Kidia invites us to reimagine mental health as a global idea where our wellbeing is mutual and everyone's voice patients caregivers and healthcare workers alike matters

Reimagining the Creative Industries Miranda Campbell, 2021-10-31 This book documents the rise in youth creativity entrepreneurship and collective strategies to address systemic barriers and discrimination in the creative industries and create an expanded more diverse inclusive equitable and caring field Although the difficulties of entering and making a living in the creative industries a field which can often perpetuate dominant patterns of social exclusion and economic inequality are well documented there is still an absence of guidance on how young creatives can navigate this environment Foregrounding an intersectional approach *Reimagining the Creative Industries* responds to this gap by documenting the work of contemporary youth collectives and organizations that are responding to these systemic barriers and related challenges by creating more caring and community oriented alternatives Mobilizing a care ethics framework Miranda Campbell underscores forms of care that highlight relationality recognize structural barriers and propose new visions for the creative industries This book posits a future where creativity collaboration and community are possible through increased avenues for co creation teaching and learning and community engagement Anyone interested in thinking critically about the creative industries youth culture community work and creative employment will be drawn to Campbell's incisive work

Image Control Patrick Nathan, 2022-08-09 Susan Sontag meets Hanif Abdurraqib in this fascinating exploration of the unexpected connections between how we consume images and the insidious nature of Fascism Images come at us quickly often without context A photograph of Syrian children suffering in the wake of a chemical attack segues into a stranger's pristine Instagram selfie Before we can react to either a new meme induces a laugh and a share While such constant give and take might seem innocent even entertaining this barrage of content numbs our ability to examine critically how the world broken down into images affects us Images without context isolate us turning everything we experience into mere transactions It is exactly this alienation that leaves us vulnerable to fascism a reactionary politics that is destroying not only our lives and our nations but also the planet's very ability to sustain human civilization Who gets to control the media we consume Can we intervene or at least mitigate the influence of constant content Mixing personal anecdotes with historical and political criticism *Image Control* explores art social media photography and other visual mediums to understand how our culture and our actions are manipulated all the while building toward the idea that if fascism emerges as aesthetics then so too can anti fascism Learning how to ethically engage with the world around us is the first line of defense we have against the forces threatening to tear that world apart El conflicto no es abuso Sarah Schulman, 2023-03-01 En *El conflicto no es*

abuso la autora y activista estadounidense Sarah Schulman aborda una de las problemáticas más relevantes de las discusiones y debates de nuestra actualidad sudamericana la victimización como estrategia de enunciación habilitante de una respuesta devastadora Y su contraparte la generación a partir de todo lo que no se identifica como propio de extraños peligrosos como modo de gobernanza a escala global Autoconstruirse como víctima potencial de un otro peligroso redundas en el afianzamiento de ideologías supremacistas en la exageración del daño y en el no reconocimiento de la responsabilidad colectiva que nos cabe en la resolución de los conflictos para que estos no escalen desproporcionadamente y habiliten la erradicación de quien se percibe se construye como una amenaza Este mecanismo se alado por Schulman tempranamente en esta obra se encuentra activo tanto a nivel interpersonal como intercomunitario y hasta geopolítico Pieza clave del pensamiento antipunitivista del activismo anticarcelario pero también de las conversaciones dentro de los movimientos feministas y de las disidencias sexuales comprometido con el anticolonialismo El conflicto no es abuso reflexiona sobre la violencia la justicia y los deseos de reparación en un mundo obsesionado con la grieta y la imposibilidad de intercambio con quien se construye como un otro al acecho
