## Contemporary Czech:

**The Writing on the Wall** Peter Kussi, Antonín J. Liehm, 1983 *Modern and Contemporary Czech Art* Antonín Matějček, Zdeněk Wirth, 1924 *Modern Czech Literature: Writing in Times of Political Trauma* Andrew M. Drozd, 2025-05-20 Modern Czech culture has experienced a series of political traumas starting in the 1930s. Despite the difficult shifting conditions, Czech writers have not only managed to contend with the situation but have produced many fine literary efforts. This volume consists of seven articles by an international team of authors who are specialists in Czech literature. The first four chapters treat very well-known writers. There is one chapter on Karel Apek and his play *The White Plague*. There are three chapters on Milan Kundera, the internationally best-known Czech writer, with one of these chapters covering both Kundera and Bohumil Hrabal. The last three chapters deal with more recent and/or lesser-known writers. One chapter treats the Brothers Topol and the music underground; one chapter treats Czech literary responses to the period of the Normalization; and the final chapter treats Eda Krisev. This volume presents new perspectives on Czech literature and will be of interest to specialists in Czech literature and history, Central European literature and history, Nazism and Communism. For example, although much has been written about Kundera, the three articles provide further treatments of three different aspects of his work: his ties to Russian literature, his misogyny, and the philosophical content of his novels. Specialists interested in the period of the Normalization and after will find the last three chapters particularly useful. The chapters are suitable for classroom use in courses in both Czech literature and Czech or Central European history. All material from Czech language sources presented in the chapters is given in English translation. Modern Czech Theatre Jarka Burian, 2002-04-25 The story of Czech theatre in the twentieth century involves generations of mesmerizing players and memorable productions. Beyond these artistic considerations, however, lies a larger story: a theatre that has resonated with the intense concerns of its audiences, acquires a significance and a force beyond anything created by striking individual talents or random stage hits. Amid the variety of performances during the past hundred years, that basic and provocative reality has been repeatedly demonstrated as Jarka Burian reveals in his extraordinary history of the dramatic world of Czech theatre. Following a brief historical background, Burian provides a chronological series of perspectives and observations on the evolving nature of Czech theatre productions during this century in relation to their similarly evolving social and political contexts. Once Czechoslovak independence was achieved in 1918, a repeated interplay of theatre with political realities became the norm, sometimes stifling the creative urge but often producing even greater artistry. When playwright Václav Havel became president in 1990, this was but the latest and most celebrated example of the vital engagement between stage and society that has been a repeated condition of Czech theatre for the past two hundred years. In Jarka Burian's skillful hands, *Modern Czech Theatre* becomes an extremely important touchstone for understanding the history of modern theatre within western culture. *Contemporary Czech Society* Pat Lyons, Rita Kindlerová, 2016 Using insights from economics

history politics psychology and sociology this book uses a question and answer format to explore how Czechs see themselves and others Comparisons are made with other European societies and there is an exploration of how Czech social attitudes and behaviour have changed over time
