Surrogacy In Israel

Diederika Pretorius

Surrogacy In Israel:

The Birth of Surrogacy in Israel D. Kelly Weisberg, 2005 This is the first book that explores the controversial dilemmas posed by surrogate motherhood the practices that help infertile couples to have a biologically related child and connects them to events that led to passage of a revolutionary surrogacy law in Israel As D Kelly Weisberg discusses the country s surrogacy legislation passed in 1996 she reveals a unique regulatory scheme that blazes a trail for those who wrestle with the complex legal medical and ethical aspects of new reproductive technologies At the same time she illuminates the roles of key players in the enactment of that program barren wives challenged the government childless couples who participated in a lawsuit against the Israeli Parliament the family law practitioner who championed the cause before the Israeli Supreme Court the academics who served on the law reform commission and the feminist legal scholar who drafted that commission s controversial recommendations Surrogacy has led to the birth of more than 10 000 babies worldwide Yet the practice challenges our notions of motherhood fatherhood family and procreation With surrogacy the family has become a creation of the marketplace children come into being as the product of contractual arrangements between perfect strangers And serious disputes sometimes arise as a result Conservative religious and political influences at play in Israel make it an unlikely setting for progressive reform however the Surrogate Mother Agreements Act catapulted Israel to the forefront of public attention as the only country where surrogacy is legal remunerated and government supervised No other law exists that is as comprehensive as Israel s Weisberg examines the social forces that contributed to the law documenting the clash between religious groups which paradoxically favored a law on reproductive freedom and feminist groups which opposed it She assesses the new law discusses what other countries can learn from Israel s example and explores its implications for the globalization of surrogacy She also considers generally the role of religion and law in social change *Surrogate Motherhood* Rachel Cook, Shelley Day Sclater, Felicity Kaganas, 2003-06-30 This multi disciplinary book explores legal ethical social psychological and practical aspects of surrogate motherhood in Britain and abroad *Women in Israel* Ruth Halperin-Kaddari, 2004-01-12 This is a comprehensive overview of discrimination in a state dominated by a patriarchal religious order and brings fresh insights to the efficacy of the law in improving the status of women **Legalized Families in the Era of Bordered Globalization** Dafna Hacker, Daphna Hacker, 2017-08-31 The first book to provide a socio legal perspective on current interrelations between globalization borders families and the law **Recurrent Pregnancy Loss** Mala Arora, Asher Bashiri, Neelanjana Mukhopadhyaya, BS Susheela Rani, 2025-01-10 Despite guidelines published by the European Society for Human Reproduction the American Society of Reproductive Medicine the Royal College of Obstetricians and Gynaecologists and many other national bodies the field of recurrent pregnancy loss RPL remains full of controversy From its definition two versus three miscarriages consecutive versus non consecutive there is little consensus between guidelines RPL is a multi specialty field encompassing obstetricians gynaecologists specialists in ART assisted

reproductive technology endoscopists endocrinologists and rheumatologists Research in the field is limited by the fact that the number of patients affected by RPL is small and when further divided by different aetiological factors each centre deals with a small number of patients This book is a comprehensive guide to RPL for obstetricians gynaecologists ART specialists and trainees The fourth edition has been thoroughly revised to provide clinicians with the latest advances in the field Extensive new research has led to the addition of 13 new chapters which include diagnostic recommendations from the various national societies and colleges Access to three complimentary videos is included with this invaluable resource The previous edition 9789352700912 published in 2018

Babies for Sale? Miranda Davies, 2017-03-15 Transnational surrogacy the creation of babies across borders has become big business Globalization reproductive technologies new family formations and rising infertility are combining to produce a quiet revolution in social and medical ethics and the nature of parenthood Whereas much of the current scholarship has focused on the US and India this groundbreaking anthology offers a far wider perspective Featuring contributions from over thirty activists and scholars from a range of countries and disciplines this collection offers the first genuinely international study of transnational surrogacy Its innovative bottom up approach rooted in feminist perspectives gives due prominence to the voices of those most affected by the global surrogacy chain namely the surrogate mothers donors prospective parents and the children themselves Through case studies ranging from Israel to Mexico the book outlines the forces that are driving the growth of transnational surrogacy as well as its implications for feminism human rights motherhood and masculinity

Israel Studies Forum, 2007 *Birth of Surrogacy in Israel* D. K. Weisberg, 2001 Eastwood offers a novel account of the rise of nationalism in Venezuela and the broader Hispanic world

Israel Studies, 2005 *Fertility Policy in Israel* Jacqueline Portuguese, 1998-08-30 An examination with feminist perspective of Israel's fertility practices and policies surrounding abortion family planning in vitro fertilization and the welfare state This book exposes the complex web of issues actors and power relations that shape the Israeli political agenda At the same time it contributes to ongoing feminist debates concerning the politics of reproduction and the role of the state in contributing to the oppression of women Israel's commitment to Zionist ideals and policies its ambiguous relationship with Jewish Orthodoxy and the intersection of the two at the level of gender relations have played a great role in determining the shape scope and direction of many government policies This book explores the relationship between these three ideological and institutional forces in the context of development of fertility policy In the process it touches upon various points of interest including the state's treatment of the Palestinian Arab minority and its relationship with the wider Palestinian national movement the power relations and political agenda underlying policy making in Israel the development of Israeli social and political identity and the use of gender to explain both the status of Israeli women and the overall unfolding of politics and policy making

The Jewish Quarterly, 1999 **IXth World Congress on In Vitro Fertilization and Assisted Reproduction** A. Aburumieh, 1995 **Surrogate Motherhood** Diederika Pretorius, 1994

Medicine and Law, 1995 **Jewish Book World**, 2006 *Feminist Collections*, 2014 Dispatches from the Field
Andrew Gardner, David M. Hoffman, 2006 Penned by advanced graduate students amidst their dissertation fieldwork these provocative essays capture the challenges and intricacies of that anthropological rite of passage The collections authors frankly portray the mistakes they made in the field their struggle to analyze the events unfolding before their eyes the psychological and emotional frustration seemingly endemic to doing ethnography and the ethical complexities of researching living people The authors present these essays not as models of ideal fieldwork or as a series of lessons about how to overcome potential hurdles one faces in the field but rather as a window into the complexities of being an ethnographer in the contemporary world Against a backdrop of subject populations increasingly informed about global relations of power and more specifically informed about the topography of American imperialism these humanistic essays vividly reflect recent shifts in both the focus and methods of anthropological research as well as the dilemmas underlying the construction of anthropological knowledge They are meant to spark discussion and debate While tailored to an audience relatively new to ethnographic fieldwork and intended as a teaching tool this collection should appeal to anthropologists and ethnographers at all points in their career Back cover

Israel Law Reports Israel. Bet ha-mishpat ha-'elyon, 2003 *Child, Family, and State*
Robert H. Mnookin, D. Kelly Weisberg, 2005 Designed as a casebook for a law school course on children and the law this volume focuses on the ways the law allocates power and responsibility for children in our society Mnookin law Harvard and Weisberg law Hastings College of Law emphasize empirical psychology and sociological research and have updated this fifth edition to reflect new research as well as new legislation affecting children To aid student learning the authors include discussion questions and problems in each chapter and references to related articles and books Annotation 2005 Book News Inc Portland OR booknews.com

Beginning the Journey Emily H. Feigenson, Susan Marks, Andrea L. Weiss, 1998

Decoding **Surrogacy In Israel**: Revealing the Captivating Potential of Verbal Expression
