Yin Case Study Research:

Case Study Research Robert K. Yin, 2003 With over 90 000 copies sold of the previous editions the new Third Edition of the best selling Case Study Research has been carefully revised updated and expanded while retaining virtually all of the features and coverage of the second edition Robert Yin s comprehensive presentation covers all aspects of the case study method from problem definition design and data collection to data analysis and composition and reporting Yin also traces the uses and importance of case studies to a wide range of disciplines from sociology psychology and history to management planning social work and education New to the Third Edition are additional examples of case study research discussions of developments in related methods including randomized field trials and computer assisted coding techniques added coverage of the strengths of multiple case studies case study screening and the case study as a part of larger multi method studies and five major analytic techniques including the use of logic models to guide analysis This edition also includes references to examples of actual case studies in the companion volume *Applications of Case Study Research* Second Edition Sage 2003

Case Study Research Robert K. Yin, 2009 Providing a complete portal to the world of case study research the Fourth Edition of Robert K Yin s bestselling text *Case Study Research* offers comprehensive coverage of the design and use of the case study method as a valid research tool This thoroughly revised text now covers more than 50 case studies approximately 25% new gives fresh attention to quantitative analyses discusses more fully the use of mixed methods research designs and includes new methodological insights The book s coverage of case study research and how it is applied in practice gives readers access to exemplary case studies drawn from a wide variety of academic and applied fields Key Features of the Fourth Edition Highlights each specific research feature through 44 boxed vignettes that feature previously published case studies Provides methodological insights to show the similarities between case studies and other social science methods Suggests a three stage approach to help readers define the initial questions they will consider in their own case study research Covers new material on human subjects protection the role of Institutional Review Boards and the interplay between obtaining IRB approval and the final development of the case study protocol and conduct of a pilot case Includes an overall graphic of the entire case study research process at the beginning of the book then highlights the steps in the process through graphics that appear at the outset of all the chapters that follow Offers in text learning aids including tips that pose key questions and answers at the beginning of each chapter practical exercises endnotes and a new cross referencing table *Case Study Research* Fourth Edition is ideal for courses in departments of Education Business and Management Nursing and Public Health Public Administration Anthropology Sociology and Political Science *Applications of Case Study Research* Robert K. Yin, 2011-06-21 Designed to help both graduate students and start up researchers with their own case study research this book presents 21 individual applications of the case study method together with cross referenced discussions of key methodological issues Many of the applications including a wide array of single case studies useful as examples for solo

researchers have been shortened or re written expressly for this book *Case Study Research and Applications* Robert K. Yin,2017-09-27 Recognized as one of the most cited methodology books in the social sciences the Sixth Edition of Robert K Yin s bestselling text provides a complete portal to the world of case study research With the integration of 11 applications in this edition the book gives readers access to exemplary case studies drawn from a wide variety of academic and applied fields Ultimately Case Study Research and Applications will guide students in the successful design and use of the case study research method New to this Edition Includes 11 in depth applications that show how researchers have implemented case study methods successfully Increases reference to relativist and constructivist approaches to case study research as well as how case studies can be part of mixed methods projects Places greater emphasis on using plausible rival explanations to bolster case study quality Discusses synthesizing findings across case studies in a multiple case study in more detail Adds an expanded list of 15 fields that have text or texts devoted to case study research Sharpens discussion of distinguishing research from non research case studies The author brings to light at least three remaining gaps to be filled in the future how rival explanations can become more routinely integrated into all case study research the difference between case based and variable based approaches to designing and analyzing case studies and the relationship between case study research and qualitative research

Case Study Research Robert K. Yin,1994-03-18 Outlines the role of the case study in research Explains the case study life cycle and its validity as a research tool in comparison with other research methods Provides guidance to designing conducting and analyzing them

The Case Study Anthology Robert K. Yin,2004-04-07 The Case Study Anthology the latest from bestselling author Robert Yin introduces readers to the world of case study research It contains 19 carefully chosen and well edited works some of which represent excerpts from all time classic case studies in sociology political science and related disciplines This anthology will help readers to understand how case study research has been conducted including the current state of the art and how they might conduct their own case studies

Applications of Case Study Research Robert K. Yin,2003 Written to augment the author s earlier extremely successful volume Case Study Research Design and Methods the new edition of this applications book presents and discusses new case studies from a wide array of topics offering a variety of examples or applications of case study research methods These applications demonstrate specific techniques or principles that are integral to the case study method Through these practical applications the reader is able to identify solutions to problems encountered during this type of research

Case Study Research and Applications Robert K. Yin,2017-11-03 Recognized as one of the most cited methodology books in the social sciences the Sixth Edition of Robert K Yin s bestselling text provides a complete portal to the world of case study research With the integration of 11 applications in this edition the book gives readers access to exemplary case studies drawn from a wide variety of academic and applied fields Ultimately Case Study Research and Applications will guide students in the successful design and use of the case study research method New to this Edition Includes 11 in depth applications that show how

researchers have implemented case study methods successfully Increases reference to relativist and constructivist approaches to case study research as well as how case studies can be part of mixed methods projects Places greater emphasis on using plausible rival explanations to bolster case study quality Discusses synthesizing findings across case studies in a multiple case study in more detail Adds an expanded list of 15 fields that have text or texts devoted to case study research Sharpens discussion of distinguishing research from non research case studies The author brings to light at least three remaining gaps to be filled in the future how rival explanations can become more routinely integrated into all case study research the difference between case based and variable based approaches to designing and analyzing case studies and the relationship between case study research and qualitative research Case Study Research and Applications (International Student Edition) Robert K. Yin, 2017-10-31 The Sixth Edition of Robert K Yin s bestseller provides a complete portal to the world of case study research Offering comprehensive coverage of the design and use of the case study method in addition to an integration of applications the book gives readers access to exemplary case studies drawn from a wide variety of academic and applied fields The integration of applications will enable users to see more directly how concrete case studies can implement the principles of case study research methods NEW TO THIS EDITION Includes 11 in depth applications that show how researchers have implemented case study methods successfully Increases reference to relativist and constructivist approaches to case study research as well as how case studies can be part of mixed methods projects Places greater emphasis on using plausible rival explanations to bolster case study quality Discusses synthesizing findings across case studies in a multiple case study in more detail Adds an expanded list of 15 fields that have text or texts devoted to case study research Sharpens discussion of distinguishing research from non research case studies The author brings to light at least three remaining gaps to be filled in the future how rival explanations can become more routinely integrated into all case study research the difference between case based and variable based approaches to designing and analyzing case studies and the relationship between case study research and qualitative research KEY FEATURES Numerous conceptual exercises illustrative exhibits vignettes and a glossary make the book eminently accessible Boxes throughout offer more in depth real world examples of research Short sidebar tips help succinctly explain concepts and allow students to check their understanding Exercises throughout offer students the chance to immediately apply their knowledge *Case Study Research* Peter Swanborn, 2010-06-22 How should case studies be selected Is case study methodology fundamentally different to that of other methods What in fact is a case Case Study Research What Why and How is an authoritative and nuanced exploration of the many faces of case based research methods As well as the what how and why the author also examines the when and which always with an eye on practical applications to the design collection analysis and presentation of the research Case study methodology can prove a confusing and fragmented topic In bringing diverse notions of case study research together in one volume and sensitising the reader to the many varying definitions and perceptions of case

study this book equips researchers at all levels with the knowledge to make an informed choice of research strategy Case Study Research (International Student Edition) Robert K. Yin, 2013-05-15 Not for sale in the USA Canada Providing a complete portal to the world of case study research the Fifth Edition of Robert K Yin s bestselling text offers comprehensive coverage of the design and use of the case study method as a valid research tool The book offers a clear definition of the case study method as well as discussion of design and analysis techniques The Fifth Edition has been updated with nine new case studies three new appendices seven tutorials presented at the end of relevant chapters increased coverage of values and ethics expanded discussion on logic models a brief glossary and completely updated citations This book includes exemplary case studies drawn from a wide variety of academic fields Rethinking Case Study Research Lesley Bartlett, Frances Vavrus, 2016-11-10 Comparative case studies are an effective qualitative tool for researching the impact of policy and practice in various fields of social research including education Developed in response to the inadequacy of traditional case study approaches comparative case studies are highly effective because of their ability to synthesize information across time and space In Rethinking Case Study Research A Comparative Approach the authors describe explain and illustrate the horizontal vertical and transversal axes of comparative case studies in order to help readers develop their own comparative case study research designs In six concise chapters two experts employ geographically distinct case studies from Tanzania to Guatemala to the U S to show how this innovative approach applies to the operation of policy and practice across multiple social fields With examples and activities from anthropology development studies and policy studies this volume is written for researchers especially graduate students in the fields of education and the interpretive social sciences **BUNDLE:**

Yin:Case Study Research,5e + Yin:Applications of Case Study Research,3e Robert K. Yin, 2013-05-16

Understanding Case Study Research Malcolm Tight, 2017-01-26 Written in an accessible and jargon free style this book provides a comprehensive student friendly guide to the nature and use of case study research Whether as part of a more substantial study or as the foundation for a self contained smaller project case studies provide viable and valuable alternatives to conducting large scale research Grounded in both theory and practice this book sets out not only the key debates and ethical issues surrounding case study research but also focuses specifically on the work of others and how you can understand use and write about secondary data as the basis for your own research project With tips examples and extensive discussion of real world case studies from a variety of social science and other disciplines Tight illustrates the kinds of research to which case studies can be applied Topics include Types of case studies Advantages and disadvantages to using case studies The meaning and value of case study research The use of case studies in different disciplines and research designs Whether you want to know how to access and use the case studies of others or understand the methods behind conducting your own case study research this book will take you through every step of the process *Encyclopedia of Case Study Research* Albert J. Mills, Gabrielle Durepos, Elden Wiebe, 2010 This is the authoritative reference work in the field An

interdisciplinary set it investigates the extensive history design and methods of case study research
