Communication Media And Development

Clemens Wendtner

Communication Media And Development:

Media and Development Martin Scott, 2014-05-08 Media matters From encouraging charitable donations and delivering public health messages to promoting democratic participation and state accountability the media can play a crucial role in development Yet the influence of the media is not always welcome It can also be used as a mechanism of surveillance and control or to disseminate hate speech and propaganda How then should we respond to the growing importance of the media including journalism radio television community media and social media for poverty and inequality The first step is to acquire an informed and critical understanding of the multiple roles that the media can have in development To help achieve this this book provides concise and original introductions to the study and practice of communication for development C4D media development and media representations of development In doing so it highlights the increasing importance of the media whilst at the same time emphasising the varieties complexities and contingencies of its role in social change The broad and interdisciplinary focus of this book will make it attractive to anyone with an interest in media communication development politics and social change

The Role of Social Media in Development

Communication Edikan Ukpong, 2019-11-22 Seminar paper from the year 2016 in the subject Communications Public Relations Advertising Marketing Social Media grade B language English abstract This study was carried out to investigate the use of social media in development communication and how undergraduate students of Akwa Ibom State University perceived the usage The specific objectives were to find out if Akwa Ibom State University students are aware of the potential of social media for development communication and effect Ascertain the specific social media that can be used for development communication Determine the kind of development communication message that social media can be used for Examine the constraints facing the use of social media for development communication and solutions The study adopted the survey research design which was employed to derive responses from a sample size of 200 undergraduate students of the Department of Mass Communication Akwa Ibom State University who were selected via random sampling techniques Data were collected from this population using questionnaire The study revealed that Akwa Ibom State University students are aware of the use of social media for development communication to a large extent over half of the respondents use Facebook to send and receive information more than any other social networks education messages were mostly communicated through the social media followed by messages on rural development the use of the social media to communicate development was constrained greatly by lack of access to computers and high cost of subscription for internet access Drawn from the findings it was recommended that more enlightenment should be done in terms of using the social media to trigger development consciousness among the citizens

Designing Messages for Development Communication Bella Mody, 1991 This accessible and pragmatic handbook focuses on the problems of designing audience responsive messages in the Third World It takes the media producer step by step through an audience research based methodology to bridge the cultural and

informational distance between senders and receivers Bella Mody firstly examines the origins and nature of media use in national development over the last thirty years She then presents guidelines for information collection ways of presenting the goal of communication and on methods of testing early drafts of the message to ensure that the needs of the target audience have been accurately assessed

Development Communication Thomas L. McPhail,2009-05-04 In Development Communication top media scholars explore the details of communication in areas where modernization has failed to deliver change Offers a complete introduction to the history of development communication the process of systematically intervening with either media or education in order to promote positive social change Discusses the major approaches and theories in development communication including educational issues of training literacy schooling and use of media from print and radio to video and the internet Explores the role of NGOs the CNN Effect and the power of grass roots movements and bottom up approaches that challenge the status quo in global media

The Handbook of Development Communication and Social Change Karin Gwinn Wilkins,Thomas Tuftte,Rafael Obregon,2014-01-22 This valuable resource offers a wealth of practical and conceptual guidance to all those engaged in struggles for social justice around the world It explains in accessible language and painstaking detail how to deploy and to understand the tools of media and communication in advancing the goals of social cultural and political change A stand out reference on a vital topic of primary international concern with a rising profile in communications and media research programs Multinational editorial team and global contributors Covers the history of the field as well as integrating and reconceptualising its diverse perspectives and approaches Provides a fully formed framework of understanding and identifies likely future developments Features a wealth of insights into the critical role of digital media in development communication and social change

Handbook of New Media Leah A Lievrouw,Sonia M. Livingstone,2006-01-17 Thoroughly revised and updated this Student Edition of the successful Handbook of New Media has been abridged to showcase the best of the hardback edition This Handbook sets out boundaries of new media research and scholarship and provides a definitive statement of the current state of the art of the field Covering major problem areas of research the Handbook of New Media includes an introductory essay by the editors and a concluding essay by Ron Rice Each chapter written by an internationally renowned scholar provides a review of the most significant social research findings and insights

Journalism and Gender Margaretha Geertsema-Sligh,2025-08-12 Informed by global and intersectional feminist perspectives this textbook offers a broad introduction to the role of gender in journalism and considers how women in particular are represented in the news This book begins by introducing theoretical approaches to journalism and diversity feminisms and intersectionality and media sociology With reference to more than 90 countries and an emphasis on the Global South it offers an expansive history of gender in journalism and insights from multiple global surveys The next part of the text deals with women s participation in news production highlighting the challenges of men dominated newsroom cultures From there the focus shifts to the way news media represent women in the

news including in relation to politics war and violence The book concludes with a discussion of gender in international media development gender and media activism and gender in journalism education Students are supported by chapter summaries discussion questions and a glossary of key terms to help reinforce knowledge and understanding Inspiring students to incite positive change in the industry Journalism and Gender is an essential text for those approaching this topic for the first time This textbook features an e book with interactive features such as links to websites quizzes and flash cards

Children Communicating Ellen Wartella,1979 A collection of essays on how children relate to each other how they interact with the media how their cognitive skills are affected by television and how they understand television narrative Contributors also examine differences in understanding and communicative skills between children of different ages and between children and adults Over all Children Communicating is a solid book the collection is rich in the variety of perspectives it brings together and the array of ideas that it stimulates It quite clearly demonstrates just how valuable to communication research the utilization of a developmental perspective can be Journal of Communication Spring 1980

Dismantling Cultural Borders Through Social Media and Digital Communications Emmanuel K. Ngwainmbi,2022-02-18 This book explores how social media and its networked communities dismantles builds and shapes identity Social media has been instrumental sometimes dangerously so in binding together different communities with thirteen original chapters by leading academics in the field the volume investigates how belonging togetherness and loyalty is created in the digital sphere in a way that transcends and even dismantles ethnic and national borders around the world In tandem the volume analyses the further threats to identity presented by the ease with which fabricated news and information spreads on social media resulting in many users becoming unable to distinguish credible data from junk data Social media is both creative and destructive in its influence on identity and therefore the growing fake news crisis threatens the very stability of the world s communities This book provides relevant theoretical frameworks and the latest empirical research findings in the area including diverse case studies and analyses of social media experiences in indigenous and urban communities around the world including China Africa and Central and South America

Innovations of China's Mainstream Media Convergence Peng Duan,2022-03-11 This book offers fresh critical insights to the field of media convergence with a particular focus on the mainstream media of China It begins with an exploration of the emerging change among the entire mediascape the clear and distinct boundaries that used to demarcate media channels are gradually dissolved and the widespread introduction and application of new communication technologies have brought both challenges and opportunities toward China This is followed by a series of theoretical endeavor about the link between conventional media and new media Drawing on President Xi Jinping's guiding opinions regarding with media convergence this book then analyzes the political task laid upon mainstream media in which challenges may be turned into opportunities Given its conceptual focus and practical contribution the book helps media professionals and related government agencies understand the wide variety of changes brought about by media convergence

and the new direction for media development **International and Development Communication** Bella Mody, 2003-04-29 Mody ties together much of the book with the currently compelling concept of globalization For scholars it provides a wealth of current references and sketches a historical overview that is mostly absent in other volumes that attempt a summary like this one COMMUNICATION RESEARCH TRENDS International and Development Communication A 21st Century Perspective examines the exciting field of international and development communication and illustrates how this field of study is composed and how it has grown Derived from the successful Handbook of International and Intercultural Communication Second Edition this book opens with an updated and expanded introduction by Bella Mody showcasing the effects of globalization and contains those chapters from the Handbook that deal with international and development communication International and Development Communication provides a historical perspective and a contemporary analysis of the field of international communication and its application to development communication The book examines how communication media and telecommunications are considered central to globalization and to national development and discusses globalization in history the role of media changes in structural biases of media and telecommunication institutions national forces of capitalism and biases in international and development communication messages provides a historical perspective and a contemporary analysis of the field of international communication and its application to development communication The book examines how communication media and telecommunications are considered central to globalization and to national development and discusses globalization in history the role of media changes in structural biases of media and telecommunication institutions national forces of capitalism and biases in international and development communication messages The book divided into two parts revolves around media institutions and the conditions under which they have been used by the state and private capital Part One covers international communication and presents the thinking of several well known authors from areas such as South Asia East Asia Europe and North America Part Two focuses on development communication applications by various active researchers and professors drawn from Latin America South Asia and North America With contributions from experts in the field each part of the book begins with a chapter on theories and closes with one on issues Chapters within each part examine the distinct and broadly recognized topics of research within each area such as media corporations in the age of globalization transnational advertising the global local dialectic and polysemic effects development communication campaigns communication technology and development and international development communication *Reports and Papers on Mass Communication* Unesco. Mass Communication Techniques Division, 1979 Developmental Change Allan A. Spitz, 2014-07-15 Developmental change and the related problems of modernization have attracted the attention of scholars in many disciplines In this bibliography derived and expanded from an earlier compilation by Mr Spitz and Edward Weidner the author orders and annotates nearly 2 500 articles appearing between 1945 and 1969 in 234 journals from 25 countries Organized by subject and indexed by both author and journal the

citations include studies of social problems economic factors political questions public administration and international cooperation and assistance Special emphasis has been given to new and little known sources In addition a selected bibliography of monographs and book length studies dealing with the modernization of underdeveloped countries and areas is included in the volume **Media Asia** ,1980 **Communication for Social Change Anthology** Alfonso Gumucio Dagron,Thomas Tufte,2006 Contains nearly 200 readings published between 1927 and 2005 in English or translated from other languages on the historical roots and pioneering thinking regarding communication for social change Covers a variety of topics including the radio tv and other mass communication information and communication technology the digital gap the formation of an information society national information policies participatory decision making communication of development pedagogy and entertainment education HIV AIDS communication for prevention etc **Media, Communication and Development** Linje Manyozo,2012-09-04 The book thus addresses the extant gap in scholarship in the field and includes a chapter on impact evaluation which current scholarship has either ignored or footnoted In addition the book uses case studies from both the global south and the global north to attend to complex and multidisciplinary concerns with participation power and empowerment The author brings in postcolonial perspectives to demonstrate that the use of MCD approaches emerged in response to the growing problems of underdevelopment and not necessarily to western development theories Using simple language that is at the same time theoretically engaged he opens up the field to scholars across a large number of disciplines **Media and Development in Asia** Indrajit Banerjee, Madanmohan Rao,2008 This collection of papers from the AMIC Conference in Bangkok 2004 provides a wealth of case studies as well as breaking new ground in highlighting emerging frontiers of media development discourse in Asia The three main themes are media and development new narratives and political discourse and media impacts and capacity building [The Journal of International Communication](#) ,1998 *Alternative Media* Peter M. Lewis,1993 Nine case studies of alternative media projects drawn from Asia and the Pacific the Arab States the Caribbean Europe Latin America and North America They trace the evolution of the concept of alternative media from its origins to modern times when it has had to accommodate to new political and economic conditions and fundamental changes in the technological environment **Communication, Development and Democracy** Sujatha Sosale,2008 The persistent questions of development and democracy continue to challenge scholars media professionals and activists working with global media and communication Using a critical and cultural framework this book examines the ways in which the field of communication and development was shaped Concluding with a look at the postdevelopment era the book reviews new paths to development and their implications for the future of communication and change in developing societies
