Since Lightroom 1.0 first launched, Scott's Kelby's *The Adobe Photoshop Lightroom Book for Digital Photographers* has been the world's #1 best selling Lightroom book. It has been translated into a dozen different languages and in this latest version for Lightroom 5, Scott uses his same award winning step by step plain English style and layout to make learning Lightroom easy and fun. Scott doesn't just show you which sliders do what every Lightroom book will do. Instead, by using the following three simple yet brilliant techniques that make it just an incredible learning tool, this book shows you how to create your own photography workflow using Lightroom. Throughout the book, Scott shares his own personal settings and studio tested techniques. Each year he trains thousands of Lightroom users at his live seminars and through that he's learned what really works, what doesn't, and he tells you flat out which techniques work best, which to avoid, and why. The entire book is laid out in a real workflow order with everything step by step so you can begin using Lightroom like a pro from the start. What really sets this book apart is the last chapter. This is where Scott dramatically answers his #1 most asked Lightroom question: which is exactly what order am I supposed to do things in, and where does Photoshop fit in? You'll see Scott's entire start to finish Lightroom 5 workflow and learn how to incorporate it into your own workflow. Plus, this book includes a downloadable collection of some of the hottest Lightroom Develop module presets to give you a bunch of amazing effects with just one click. Scott knows first hand the challenges today's digital photographers are facing and what they want to learn next to make their workflow faster, easier, and more fun. He has incorporated all of that into this major update for Lightroom 5. It's the first and only book to bring the whole process together in such a clear, concise, and visual way. Plus, the book includes a special chapter

on integrating Adobe Photoshop seamlessly right into your workflow and you'll also learn some of Scott's latest Photoshop portrait retouching techniques and special effects which take this book to a whole new level. There is no faster, more straight to the point or more fun way to learn Lightroom than with this groundbreaking book *Mastering The Lightroom Develop Module*. Robin Whalley, Master the Lightroom Classic Develop Module. Even if you've struggled in the past, Lightroom's Develop Module is where good photos become great ones, yet many photographers never feel fully in control of it. This newly revised and expanded Second Edition of *Mastering the Lightroom Develop Module* is designed to change that. Whether you're completely new to Lightroom or already using it but unsure you're getting the best results, this book provides a clear, structured path through every essential editing tool. Nothing rushed, nothing assumed. Just straightforward explanations written for photographers who want to make their images look as good as possible. In its pages, you'll discover what each tool does, when to use it, and most importantly, why it matters. Complex ideas are broken down into steps you can follow, supported by helpful examples and practical guidance. You don't need to be a technical expert. You simply need to enjoy photography and want to improve your image editing. Inside, you'll learn how to confidently navigate the Develop Module, what each panel and control really does, explained simply and clearly. How to adjust exposure, colour, tone, and detail for natural, professional results. How to use Lightroom's powerful masking tools. How to build a fast, effective workflow you can rely on for any image. How to bring out the beauty in your photography while avoiding the trap of over-editing. This Second Edition reflects the latest essential features in Lightroom Classic and includes expanded explanations, redesigned examples, and clearer step-by-step guidance throughout. It is the result of years of teaching photographers how to make editing feel natural, not complicated. If you want a practical guide to help you get the best from your photos, this book provides the roadmap you need.
