Weimer And Vining Policy Analysis:

Policy Analysis David L. Weimer, Aidan R. Vining, 2015-07-02 Updated in a new 5th edition this book lays a strong conceptual foundation to understanding the rationales of and limitations to public policy It gives practical advice about how to do policy analysis while demonstrating the application of advanced analytical techniques through case study examples *Policy Analysis Concepts and Practices* is a comprehensive accessible and rich introduction to policy analysis for readers in public policy public administration and business programs *Policy Analysis* David L Weimer, Aidan R Vining, 2025 Often described as a public policy bible Weimer and Vining remains the essential primer it ever was Now in a thoroughly revised seventh edition *Policy Analysis* provides a strong conceptual foundation of the rationales for and the limitations to public policy It offers practical advice about how to do policy analysis and goes a bit deeper to demonstrate the application of advanced analytical techniques through the use of case studies Updates to this edition include An all new introductory case on corporate taxation Consideration of addiction as a rationale for public policy Discussion of public policy issues related to platforms and intermediation especially to digital service delivery Updated discussion of information gathering from the perspectives of internal and external validity An updated British Columbia salmon fishery case The textbook is supported by online materials for instructors including suggestions for and examples of course policy projects a project assessment template sample instructions to students for preparing policy reports as well as discussion questions and answers for each chapter Cases that have been removed from the seventh edition remain available on the book's webpage *Policy Analysis Concepts and Practices* remains a comprehensive serious and rich introduction to policy analysis for students in public policy public administration and business programs *Cityscapes and Capital* Michael A. Pagano, Ann O'M. Bowman, 1997-09-05 The authors draw on comparative data from 10 medium sized cities and examine 40 city supported development projects to show how city investment in and regulation of development projects is the most effective way for political leaders to control and shape the future of their city 19 illustrations **Promoting the General Welfare** Alan S. Gerber, Eric M. Patashnik, 2007-05-01 The U S Constitution calls on the government to promote the general welfare In this provocative and innovative book a distinguished roster of political scientists and economists evaluates its ability to carry out this task The first section of the book analyzes government performance in the areas of health transportation housing and education suggesting why suboptimal policies often prevail The second set of chapters examines two novel and sometimes controversial tools that can be used to improve policy design information markets and laboratory experiments Finally the third part of the book asks how three key institutions Congress the party system and federalism affect government's ability to solve important social problems These chapters also raise the disturbing possibility that recent political developments have contributed to a decline in governmental problem solving activity Taken together the essays in this volume suggest that opportunities to promote the common good are frequently missed in modern American government But the book also carries a more hopeful message By

identifying possible solutions to the problems created by weak incentives poor information and inadequate institutional capacity Promoting the General Welfare shows how government performance can be improved Contributors include Eugene Bardach University of California Berkeley Sarah Binder Brookings Institution and George Washington University Morris P Fiorina Stanford University Jay P Greene University of Arkansas Robin Hanson George Mason University Charles A Holt University of Virginia David R Mayhew Yale University Edgar O Olsen University of Virginia Mark Carl Rom Georgetown University Roberta Romano Yale Law School William M Shobe University of Virginia Angela M Smith University of Virginia Aidan R Vining Simon Fraser University David L Weimer University of Wisconsin Madison and Clifford Winston Brook
