Safe Havens for Hate Tamar Mitts, 2025-03-04 Why efforts to moderate harmful content on social media fail to stop extremists Content moderation on social media has become one of the most daunting challenges of our time Nowhere is the need for action more urgent than in the fight against terrorism and extremism Yet despite mass content takedowns account suspensions and mounting pressure on technology companies to do more hate thrives online Safe Havens for Hate looks at how content moderation shapes the tactics of harmful content producers on a wide range of social media platforms Drawing on a wealth of original data on more than a hundred militant and hate organizations around the world Tamar Mitts shows how differing moderation standards across platforms create safe havens that allow these actors to organize launch campaigns and mobilize supporters She reveals how the structure of the information environment shapes the cross platform activity of extremist organizations and movements such as the Islamic State the Proud Boys the Oath Keepers and QAnon and highlights the need to consider the online ecosystem not just individual platforms when developing strategies to combat extremism Taking readers to the frontlines of the digital battleground where dangerous organizations operate Safe Havens for Hate sheds critical light on how governments and technology companies grapple with the tension between censorship and free speech when faced with violence hate and extremism

The Social Production of Knowledge in a Neoliberal Age

Justin Cruickshank, Ross Abbinnett, 2022-04-04 Higher education exposes a key paradox of neoliberalism The project of neoliberalism was said to be that of rolling back the state to liberate individuals by replacing government bureaucracy with the free market Rather than have the market serve individuals however individuals were to serve the market The marketisation reforms in higher education which sought to reshape knowledge production with students investing in human capital and academics producing transferable research to make higher education of use to the economy has resulted in extensive government bureaucracy and oppressive managerialist bureaucracy which is inefficient and expensive Neoliberalism has always had authoritarian aspects and these are now coming to bear on universities The state does not want critical and informed graduate citizens but a hollowed out public sphere defined by consumption willing servitude to the market and deference to state power Attempts to reshape universities with bureaucracy are now accompanied by a culture war attacking the production of critical knowledge The authors in this book explore these issues and the possibilities for resistance and progressive change

Qanon Marc-André Argentino, 2025-07-18 This book explores the QAnon movement by examining its history fluctuations and evolution stemming from the likelihood of multiple users behind the Q account as well as from the changes in the sociopolitical landscape since the creation of the movement It frames QAnon as a lived religion and demonstrates that it has gone through three stages of existence proto QAnon canonical QAnon and apocryphal QAnon Author Marc Andr Argentino argues that QAnon evolved into something more than a conspiracy theory and demonstrates through a comparative analysis that QAnon is more akin to a new religious movement in particular a hyper real religion He

explores the role of gender and women in the QAnon movement followed by an examination of how the QAnon conspiracy theories have legitimized and coordinated targeted gender based violence The book provides evidence of the nexus of QAnon and ideologically motivated violent extremism and criminality Finally it examines the evolution of QAnon after the January 6th insurrection the loss of the 2020 election by Donald Trump and the disappearance of Q This volume will be of great interest to researchers of conspiracy theories new religious movements American politics and extremism **Engineering News-record** ,1924 The New Royal Dictionary ,1911 **The Social Science of QAnon** Monica K. Miller,2023-09-28 QAnon has emerged as the defining conspiracy group of our times and its far right conspiracies are extraordinary for their breadth and extremity Bringing together scholars from psychology sociology communications and political science this cutting edge volume uses social science theory to investigate aspects of QAnon Following an introduction to the who what and why of QAnon Part I focuses on the psychological characteristics of QAnon followers and the group s methods for recruiting and maintaining these followers Part II includes chapters at the intersection of QAnon and society arguing that society has constructed QAnon as a threat and the social need to belong motivates its followers Part III discusses the role of communication in promoting and limiting QAnon support while Part IV concludes by considering the future of QAnon The Social Science of QAnon is vital reading for scholars and students across the social sciences and for legal and policy professionals **New Hebrides Linguistics. Unthinkable Jamie Raskin,2022-01-04 A 1 NEW YORK TIMES BESTSELLER In this searing memoir Congressman Jamie Raskin tells the story of the forty five days at the start of 2021 that permanently changed his life and his family s as he confronted the painful loss of his son to suicide lived through the violent insurrection in our nation s Capitol and led the impeachment effort to hold President Trump accountable for inciting the political violence On December 31 2020 Tommy Raskin the only son of Maryland Congressman Jamie Raskin tragically took his own life after a long struggle with depression Seven days later on January 6 Congressman Raskin returned to Congress to help certify the 2020 Presidential election results when violent insurrectionists led by right wing extremist groups stormed the U S Capitol hoping to hand four more years of power to President Donald Trump As our reeling nation mourned the deaths of numerous people and lamented the injuries of more than 140 police officers hurt in the attack Congressman Raskin a Constitutional law professor was called upon to put aside his overwhelming grief both personal and professional and lead the impeachment effort against President Trump for inciting the violence Together this nine member team of House impeachment managers riveted a nation still in anguish putting on an unprecedented Senate trial that produced the most bipartisan Presidential impeachment vote in American history Now for the first time Congressman Raskin discusses this unimaginable convergence of personal and public trauma detailing how the painful loss of his son and the power of Tommy s convictions fueled the Congressman s work in the aftermath of modern democracy s darkest day Going inside Congress on January 6 he recounts the horror of that day a day

that he and other Democrats had spent months preparing for under the correct assumption that they would encounter an attempted electoral coup not against a President but for one And yet on January 6 he faced the one thing he had failed to anticipate mass political violence designed to block Biden s election With an inside account of leading the team prosecuting President Trump in the Senate Congressman Raskin shares never before told stories of just how close we came to losing our democracy that fateful day and lays out the methodical prosecution that convinced Democrats and Republicans alike of Trump s responsibility for inciting insurrectionary violence against our government Through it all he reckons with the loss of his brilliant remarkable son a Harvard Law student whose values and memory continually inspired the Congressman to confront the dark impulses unleashed by Donald Trump At turns a moving story of a father coping with his pain and a revealing examination of holding President Trump accountable for the violence he fomented this book is a vital reminder of the ongoing struggle for the soul of American democracy and the perseverance that our Constitution demands from us all
