

Quiz & Worksheet - Elements of Operations Management

1. Which of the following is NOT an integral part of business?

- Operations
- Finance
- Controlling
- Marketing

2. John's company is starting a new product line to increase their revenue, and make themselves more famous in the general public. They are trying to make the production process as efficient as possible by analyzing every step and making sure it doesn't waste needless time. Why is this an example of process planning?

- Because the only goal of process planning is to directly increase the revenue.
- Because they are planning to open a new line of products.
- Because they are trying to make sure the production process is as effective as possible.
- Because they are taking it from a strategic approach by positioning themselves well in the eye of the public.

3. Which of the following is relevant in regards to capital requirements?

- How much money you need to start a project.
- How many employees you need to implement a project.
- How much machinery you need to implement a project.
- How many raw materials you need in order to start a project.
