*The Sants* Karine Schomer, W. H. McLeod, 1987-01-01      **Indian National Bibliography** B. S. Kesavan, 2009-12

Divine Sounds from the Heart—Singing Unfettered in their Own Voices Rekha Pande, 2010-09-13 Recent years have seen a sea change in the way history is written and also in the way our conceptions of the past are being rewritten In traditional historiography women s articulation is often marginalized and dominated by male voices Through centuries of patriarchal control women negotiated many layers and levels of existence working out different forms of resistance which have often gone unnoticed Bhakti was one such medium Religion provided the space in the medieval period and women saints embraced bhakti to define their own truths in voices that question society family and relationships For all these women bhaktas the rejection of the male power that they were tied to in subordinate relationship became the terrain for struggle self assertion and alternative seeking Most of these women lived during the period from 12th to 17th Century While the dominant mode of worship in bhakti was prostration to a deity like a feudal lord the women bhaktas idea of God as a lover a husband and a friend came as a breath of fresh air The individual outpourings and the voices of these women who had the courage to sing unfettered in their own voices refused to melt in the din of the feudal scene which was largely patriarchal This book will be useful to scholars interested in Feminist History Comparative Religion and Asian Studies The sensitive and rigorous research will be of great help to young scholars interested in embarking on a journey to discover religious history especially with regards to women s history in the South Asian context      *Select List of Recent Publications* East-West Center. Library, 1967

**A Treasury of Mystic Terms, Part 1** John Davidson, 2003 The Treasury is a collection of the spiritual terms found in the literature of the world s religious and mystical traditions Its primary objective is to elucidate the meaning of the essential terms used by the various spiritual and religious traditions of the world throughout history It is not primarily intended as a dictionary or as an encyclopedia nor is it a definitive treatise on any particular subject or religion It is meant to help the ordinary person understand some of the basic principles of his or her religious background within the framework of a universal understanding of spirituality All terms are explained in a simple manner with each term presented as a separate entry With the explanations grouped according to subject and placed alongside one another many similarities between the various religions immediately become apparent Among these many pages the reader will find a mixture of interesting concepts quotations thoughts perceptions and ideas There should be something for everyone whoever they are and whatever their bent of mind The Treasury is prepared and edited by an international team of researchers contributors editors and readers with a wide variety of religious and cultural backgrounds All those involved gave their time and expertise freely to the project Since the Society does not seek any profit and the cost of printing in India is low the Treasury can be sold at a very low price This helps the Society stay true to its premise that spirituality is the birthright of all that no profit should be extracted from its dissemination and most important that knowledge of these truths should not be withheld from anyone for

economic reasons Provided by publisher     *Subject Catalog* Library of Congress,1981     *A Treasury of Mystic Terms* John Davidson (M.A.),2003     **Subject Catalog, 1977** Library of Congress,1977     *Indian National Bibliography* Bellary Shamanna Kesavan,1977     **Library of Congress Catalogs** Library of Congress,1979     **International Literary Market Place** ,1996     *International Literary Market Place.
