Ralph Peters Blood Borders How Armed Forces Journal:

Blood Gil Anidjar, 2014-04-29 Blood according to Gil Anidjar maps the singular history of Christianity As a category for historical analysis blood can be seen through its literal and metaphorical uses as determining sometimes even defining Western culture politics and social practices and their wide ranging incarnations in nationalism capitalism and law Engaging with a variety of sources Anidjar explores the presence and the absence the making and unmaking of blood in philosophy and medicine law and literature and economic and political thought from ancient Greece to medieval Spain from the Bible to Shakespeare and Melville The prevalence of blood in the social juridical and political organization of the modern West signals that we do not live in a secular age into which religion could return Flowing across multiple boundaries infusing them with violent precepts that we must address blood undoes the presumed oppositions between religion and politics economy and theology and kinship and race It demonstrates that what we think of as modern is in fact imbued with Christianity

Christianity Blood fiercely argues must be reconsidered beyond the boundaries of religion alone *Militarizing Culture* Roberto J González, 2016-06-16 Militarizing Culture is a rousing critique of the American warfare state by a leading cultural commentator Roberto J González reveals troubling trends in the post 9 11 era as the military industrial complex infiltrates new arenas of cultural life from economic and educational arenas to family relationships One of the nation's foremost critics of the Human Terrain System program González makes passionate arguments against the engagement of social scientists and the use of anthropological theory and methods in military operations Despite the pervasive presence of militarism and violence in our society González insists that warfare is not an inevitable part of human nature and charts a path toward the decommissioning of culture

The Future of Religious Minorities in the Middle East John Eibner, 2017-11-22 The Future of Religious Minorities in the Middle East addresses the domestic and international politics that have created conditions for contemporary religious cleansing in the Middle East It provides a platform for a host of distinguished scholars journalists human rights activists and political practitioners The contributors come from diverse political cultural and religious backgrounds each one drawing on a deep wellspring of scholarship experience sobriety and passion Collectively they make a major contribution to understanding the dynamics of the mortal threat to the social pluralism upon which the survival of religious minorities depends

The Persecution of Professors in the New Turkey Clyde R. Forsberg Jr., 2017-05-11 Scholars credit the European Renaissance and Enlightenment to the fall of Constantinople in 1453 when Greek scholars in particular were driven from the Byzantine capital taking with them everything they had learned about their own Greek intellectual heritage and classical philosophical tradition thanks in part to the scholarly enterprise of Islamic scholasticism and a spirit of intellectual cooperation that had existed until that time The expulsion of excellence that followed closely on the heels of Mehmed II's military victory in 1453 proved problematic for an emergent modern Muslim imperial power which his capture of the Byzantine capital instigated although it was a boon to European intellectual life Five and a

half centuries later on the night of 15 July 2016 a failed coup attempt that took place in the twin Turkish capital cities of Istanbul and Ankara paved the way for another expulsion of excellence this time the handiwork of the ruling AK Party and its strongman cum dictator Recep Tayyip Erdoğan This volume tells the story of an American academic Clyde R Forsberg Jr living and working in the AKP heartland of Turkey A distinguished Professor in the Department of Western Languages and Literatures at Karabük University at the time having relocated his entire family to Turkey two years prior his children becoming fluent in Turkish by this time and his wife a native of Kyrgyzstan slated to enter medical school in just a month's time the Forsbergs were forced to flee the country after he was detained by the police and tried for aiding and abetting a terrorist organization Subsequently found innocent of all charges Forsberg was nonetheless sacked forced to clear out his office as University cameras rolled adding insult to injury Local online newspapers followed suit publishing false and misleading stories about his arrest targeting him and thus putting him and his entire family in danger Other foreign faculty at Karabük University were likewise falsely charged imprisoned and despite being found innocent of all charges dismissed and forced to leave the country A professional historian American Studies scholar and Open Society Institute alumnus Forsberg recounts the events leading up to and following his arrest employing a media studies approach which asks hard questions of the role of social media in the preservation of democratic freedoms which in the wrong hands became a very effective tool of the Turkish State and its suppression of democratic freedoms In Forsberg's case his imprisonment and subsequent suspension were for the crime of posting a poem online that was critical of Karabük University and the country's ruling AK Party's so called purge of foreign faculty
